Company Profile

Introduction

Country Way Landscaping (CWL) is a well established company started in August 2008 founded by Nick Weller (Managing Director). CWL is a British owned company with over 22 years' experience in the UAE and 25 years in the UK. CWL is backed up with a combination of Key Management personnel, experienced designers, site Engineers, Horticultural and Agricultural experience, site staff and other handpicked employees for their ability to deliver high quality and proficient work.

Since the commencement of our landscaping and irrigation services we have had copious amounts of positive feedback from our valued customers. CWL aims are to provide an efficient and high quality service, with customer satisfaction and rapport being paramount to us.

CWL is devoted to energy and water saving whilst maximizing results with the use of technologically advanced irrigation and lighting systems.

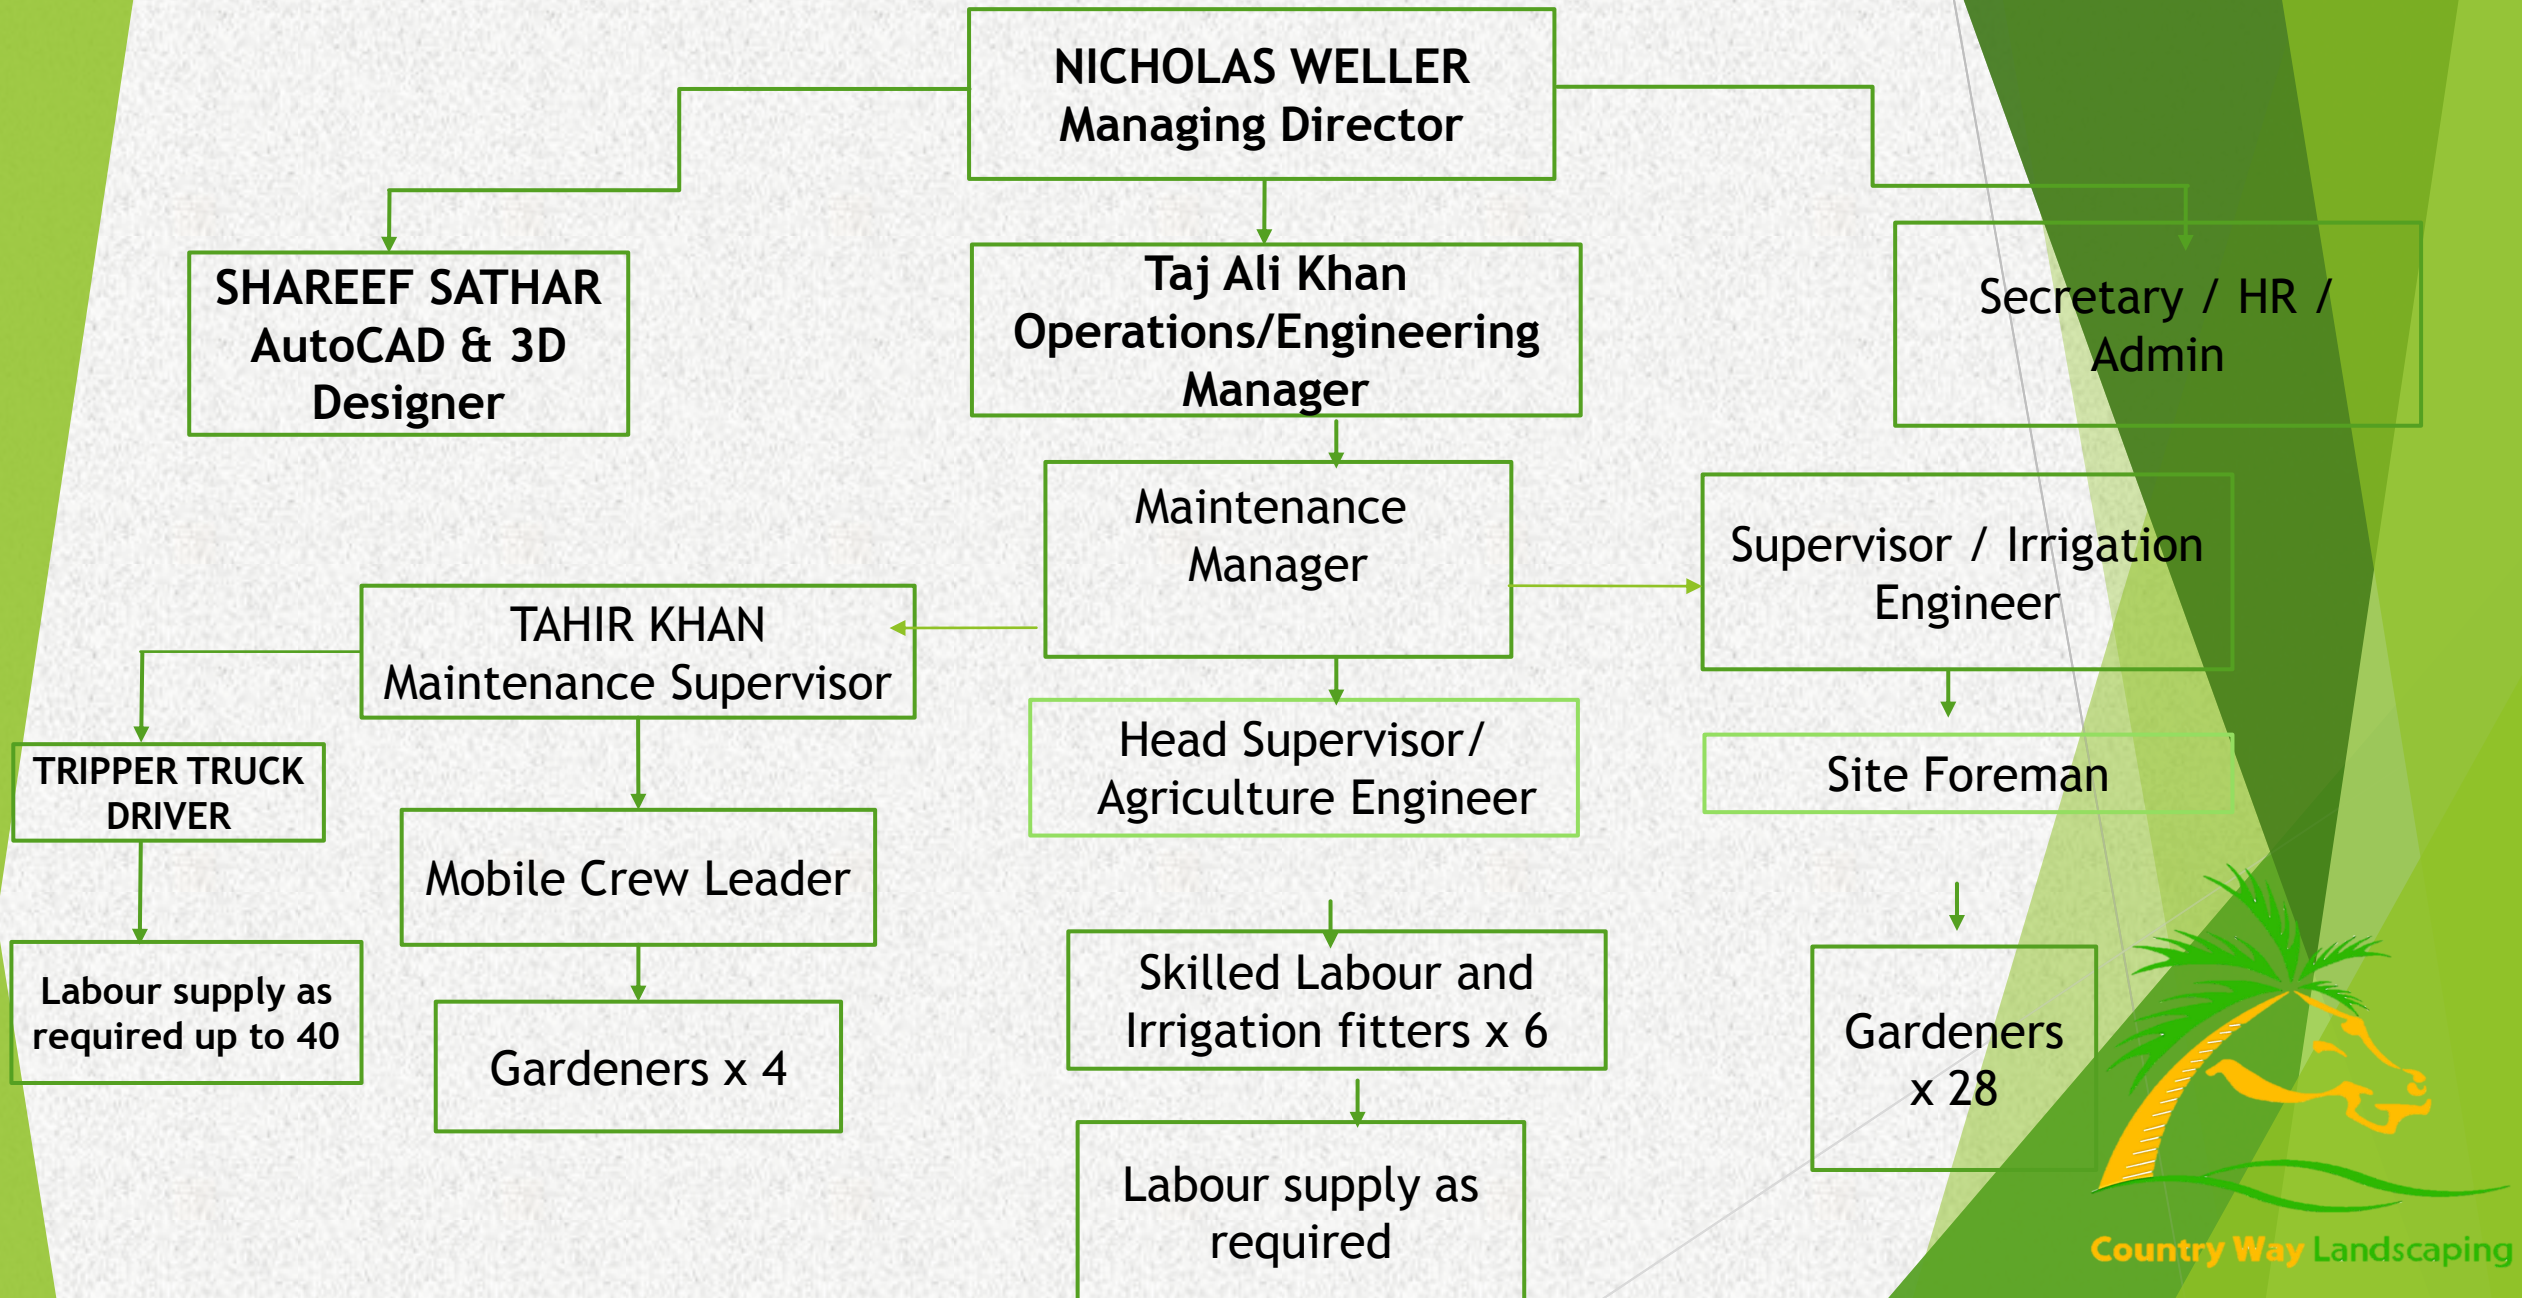

Scope of Work

At present CWL has the pleasure of offering the following services:

- Landscape designs
- Landscape installation and maintenance of locations including Golf Courses, gardens, sports arenas, street scapes, hotels, public & private parks.
- Hard Landscaping
- Construction, Maintenance and Supervision of Golf Course.
- Irrigation System installation and maintenance.
- Masonry works and Maintenance.
- Carpentry work and maintenance.
- Lighting design, installation and maintenance.
- Full advisory services for all the above.

• Current Company Organizational Chart

Our Services

What We Do

CWL has a comprehensive range of services to offer, which we are sure will complete a proficient package to suit our customers.

Consultation, site inspections, concepts, design, landscaping, hardscaping, irrigation, lighting installation and aftercare maintenance complete the variety of services on hand.

CWL are focused on pushing the boundaries of conventional designs to achieve innovative and superior quality landscapes which sets the standard for others to follow.

Landscaping projects
