WE SHAPE ENVIRONMENTS

H2R Design is a multi award-winning,
interior design and branding studio
based in Dubai, UAE.

ABOUT US.

Founded in 2012 by Hasan and Husain Roomi

Two UK born brothers with Middle Eastern backgrounds, H2R Design is a young, progressive London and Dubai based design firm creating some of the hottest commercial and hospitality spaces across continents.

Inspired by their extensive travel experience and continued passion for design, Hasan and Husain Roomi established H2R Design with the aim to create spaces with significance, influence and soul.

Supported by a globally skilled design team, they strive to deliver personalised concepts. Creating experiences, building brands and shaping environments.

WHAT WE DO.

We believe in a total concept.

As the various disciplines of design often overlap and integrate, we strive to capture the essence of brands through identity, architecture and interior design.

By working across these disciplines, we are able to create unique and customised concepts for every project and our work reaches it's maximum expression through the holistic approach of its executions.
