# OUR SERVICES

*We have delivered multiple workspaces and generated innovative ideas that speak for themselves. Our team of experts take care of every minor detail from architectural fit-out, including custom settings and space planning to consult, and project management.*

Known for professionally acclaimed and a broad range of fit-out and architectural solutions, we offer complete services for our customers.

## *Architectural Fit-Out*

A large part of our services revolve around designing architecture spaces for interior spaces. We diligently cater to all these requirements, from the best solutions to practical and functional space designing and fittings.

**Custom Fit Out** –Derby Interiors offers custom services for design, supply, and installations for an efficient work environment. Our company has accommodated all types of requests, from setting up security systems to floor coverings and wall finishing.

**Space Planning** – An essential part of a productive and functional space requires planning and spread out. The scope at Derby Interiors offers the same values where it highlights and ensures that the area is used for an interactive work environment.

## *Consulting Services*

The extensive experience has marked Derby Interiors as one of the recognized consulting services in Dubai. We work around 3D visuals, tendering projects, and statutory approvals while also helping our clients with Space planning and Concept designing.

## *Project Management*

Our team of qualified professionals and leaders handle feasibility studies, budgetary proposals, project maps, and coordination plans with the clients, where they take complete charge of all prospects from start to finish.
