about us

Based and established in the United Arab Emirates in 2005, Embelle Interiors is a turn-key interior solution company backed by a team of professionals who take personal responsibility in providing the quality and timeliness of deliverables.

Here, we believe in each individual's desire to be distinguished from the rest. We support each person's request to rise above everyone and make a mark, for we, too, are driven by that dream. This is our driving force that guarantees you a hundred percent of our attention and expertise.

 Residences

workshop

Home makeover and new office development in the UAE have fueled demand for custom-made furniture and interior fittings. Hence, a manufacturing facility was established in Al Qouz, the Industrial Hub of Dubai, to satisfy the ever increasing need of the market.

It houses the latest and state-of-the-art machineries and equipment in wood working and carpentry with experienced workforce that carry out quality workmanship.

Our workshop is a statement of our commitment to the clients and the community as a whole. It is where tangible manifestations of ideas are exhibited.
