ABOUT US

GDM Interiors has been established as one of the premier interior fit-out contracting companies and specialist joinery manufacturers in Dubai for over 40 years. From humble beginnings the company has now grown into a technologically ultramodern factory of over 30,000 sq.ft. GDM Interiors provides a comprehensive turn-key interior solution to your space from designing to execution and every step in between. Our Creative Designers and Engineers have a vast knowledge of managing complex projects, linking the many aspects of building work together including concrete, glass, metal as well as joinery.

We are forever striving to exceed our customers' expectations with a focused approach to deliver with excellence.

MESSAGE FROM MD

GDM Interiors is committed to excellence through providing exceptional services and quality to its clients. We believe in creating unmatched experience by adhering to time frames, budgets and maintaining the highest and most modern standards of workmanship.

We follow the simple guidelines of our elders that in “updating oneself with technology and manpower lies the success of one’s business” We undertake to be present with our client every step of the way and allow for changes at any given stage of the project, because after all it is the end product that will determine client satisfaction.

COMMITMENT TO EXCELLENCE

We, at GDM Interiors, believe that 'Our Team' is the strongest asset to deliver the best to our clients. Our highly skilled and competent designers and engineers have vast knowledge of managing the complex projects and ensuring timely delivery with quality work.

Our achievement and success is the result of our investment in highly qualified and experienced team members, coupled with our investment in technology. We pay attention to every minute detail to meet our client requirements and provide them with a masterpiece that is unique and impressive. The unmatched design and skilled craftsmanship of our specialized team has always delivered their best even if they have to stretch their limits.

GDM Interiors Team promises to stay committed to our values and ethics, and to deliver unmatched excellence to our clients.

OUR SERVICES

INTERIOR DESIGN

Interior Design is the process of shaping the experience of interior space, through the manipulation of spatial volume as well as surface treatment for the betterment of human functionality.

In layman's term, **Interior Design** is the process of maximizing the efficiency of space. Making a space pleasing to the eyes is all part and parcel of the process.

GDM Interiors are able to offer a comprehensive interior design solution that includes conceptual development and space planning all the way to construction management and execution of the design. Our designers are highly qualified, have a creative eye for detail and have vast experience of managing complex and detailed projects from start to finish.

OUR SERVICES **FIT-OUT**

Fit-out by definition is the term used to describe the process of transforming an interior space to make it suitable for occupation.

There are varying degrees of fit-out and this is determined by a number of factors. One factor being the industry, the space is prescribed for such as Food and Beverage, Retail, Office or Residential. And another being the state of construction, the original developer/previous tenant has handed over the space in.

GDM Interiors have the knowledge, experience, capacity and expertise to handle all fit-out services whether it be from shell and core or a renovation.

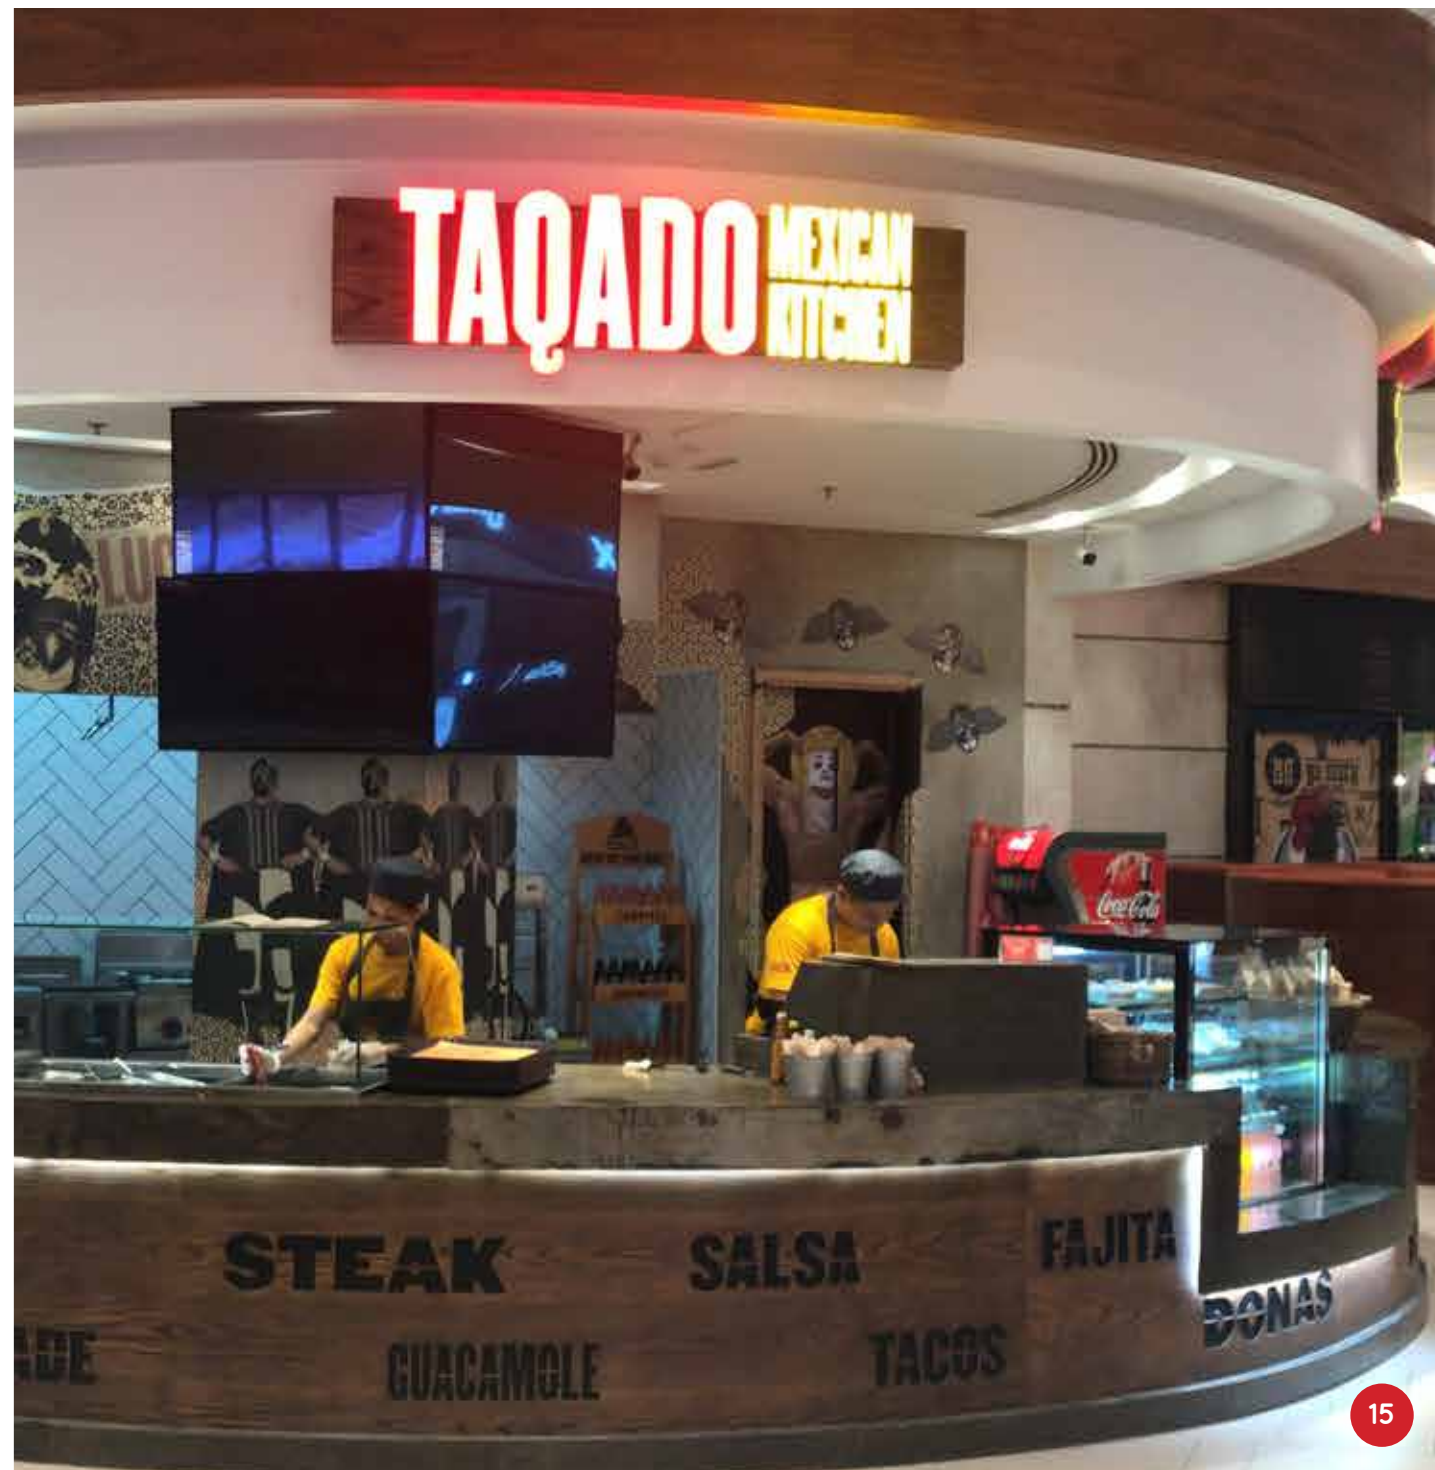

OUR SERVICES JOINERY

GDM Interiors have a proud history of being regarded as one of the best joinery workshops within the UAE.

Our joinery team place a huge emphasis on Quality and Service. We ensure the highest detail of workmanship spending time and effort to guarantee no flaw has been left unnoticed.

Contact us for more information where we will happily discuss your needs in more detail and if you are still not satisfied we will confidently refer you to our esteemed clientele who will speak volumes about our past joinery projects.

OUR SERVICES **GLASS WORKS**

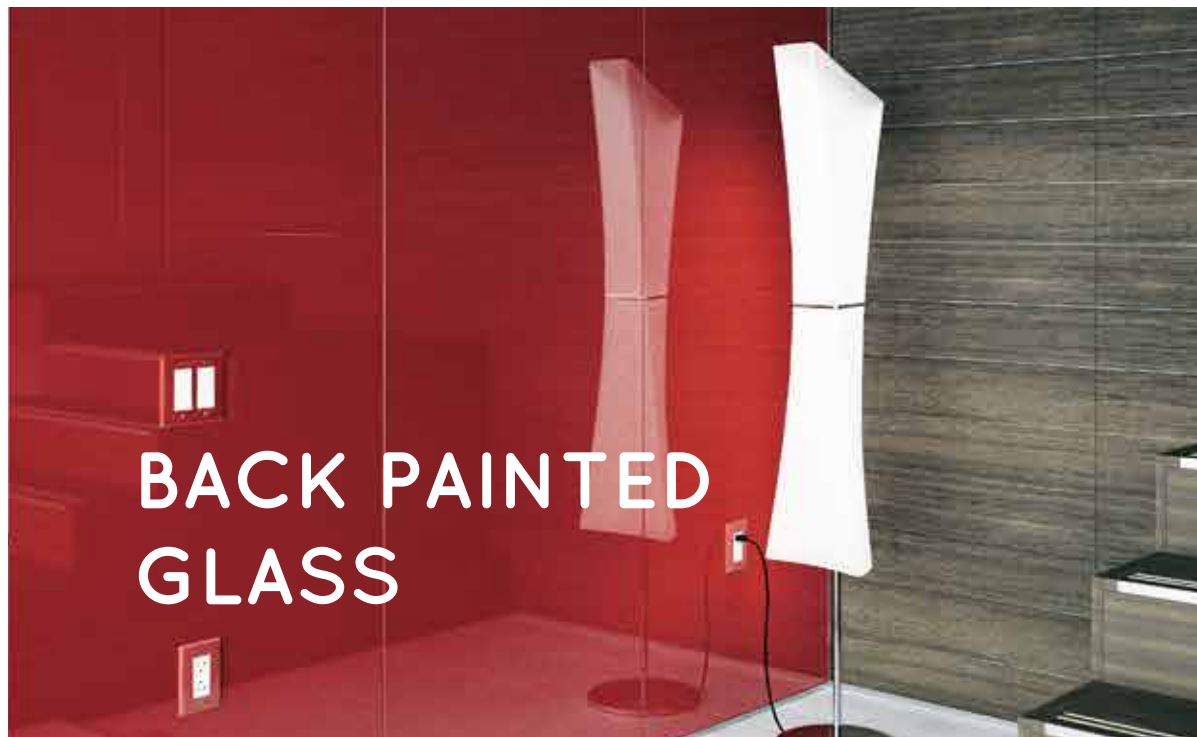

Whether you're fitting out an office or renovating a residential villa, using glass within a design can set your space apart from others.

In case you're looking to create an open, more inviting retail front or installing a glass top dining table, **GDM Interiors** are able and qualified to advise, recommend and install any custom glass need you may have.

OTHER GLASS FINISHES

OUR SERVICES METAL WORKS

On top of being experts in joinery and glass works, **GDM Interiors** are also able to incorporate the use of metal within any design be it wrought iron works or a brushed chrome finish.

Metal contrasted with other materials such as wood and glass often provides an eye catching finish and when expertly designed can transform an interior into piece of art.

OTHER METAL FINISHES

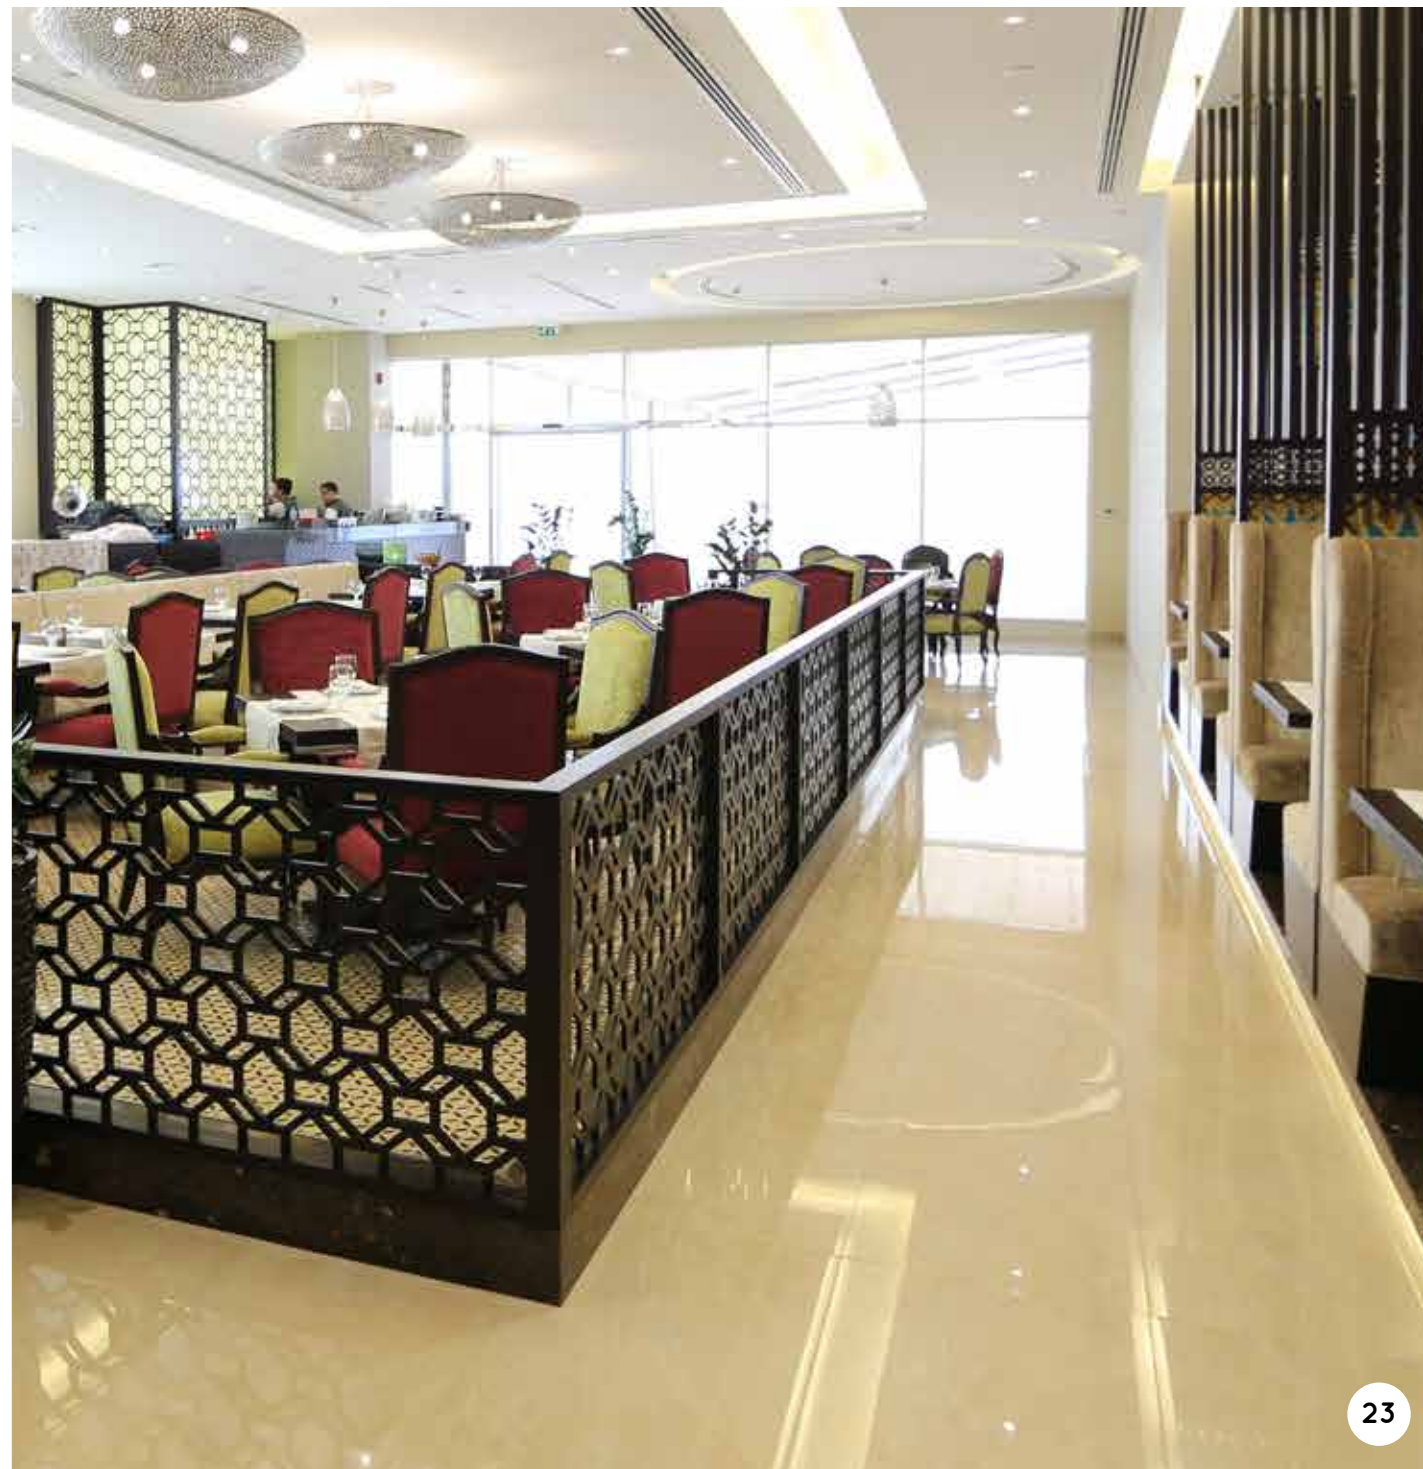

OUR SERVICES **CNC WORKS**

CNC or Computer Numeric Control systems bring together the use of Computer Aided Design (CAD) and Computer Aided Manufacturing (CAM) allowing often intricate and vivid designs and finishes to come to life.

GDM Interiors possesses the specialist CNC machinery within the factory premises enabling us to handle any design or finish using metal, glass, joinery or even concrete.

OUR CAPABILITIES

A rooftop swimming pool area with a modern design. The pool is rectangular and filled with clear blue water. The deck is paved with reddish-brown square tiles. Along the left side of the pool, there are several lounge chairs with light-colored cushions. In the foreground, a large, dark, textured spherical object sits on a matching base. To the right of the pool, there are several tall, blue, vase-like planters. The background shows a city skyline with various buildings under a clear sky. The pool area is partially covered by a pergola structure with horizontal slats.

"The key to great design is capturing the spirit of the client and the essence of the space."
