HUB

Welcome to Hub, a collection of carefully selected Suppliers and Products sourced from around the world, exclusively for your home.

SPACE

Space is a leading provider of quality building, refurbishment and fit-out solutions in the city of Dubai.

WELCOME TO

Hubspace

Hubspace is a combination of two words which have been our defining strategy since its conception. Hub, turns houses into homes and consists of a collection of exclusive products & brands brought to Dubai through our exclusive partner network.

Space, offers quality interior fit out solutions across a range of sectors including Residential, Commercial, Educational, Retail, F&B, Healthcare fit-out sectors in Dubai.

Our aim is to offer different lines of Interior products & services that are reliable and affordable, without ever compromising quality. We are deeply passionate about our products & services and aim to deliver quality results to our clients at all times.

Right from Design development to project completion, our manufacturing & management capabilities play a crucial role in delivering high-end projects on time & on budget. We work closely with contractors, designers, architects, construction professionals & clients, to create bespoke journeys of excellence and trust, that include products, furniture-finishes and fixtures across bathrooms, kitchens and many more spaces.

WHAT IS HUB?

Hub, is a collection of exclusive products brought to Dubai through our exclusive partner network. Hub supplies a vast range of products spanning across categories like kitchen and flooring. We understand that each home is individual and requires those perfect finishing touches. For this purpose, Hub also supplies products that accentuate the final finishing touches and also provides lighting and furniture solutions.

Whether you're looking for an internal upgrade, a full refurbishment or complete new space, our carefully selected products will meet all your needs. We're aligned and driven by our dedication to quality, professionalism and service and will never hesitate to take the extra steps to meet your every requirement.

SPACE

KITCHEN

Functional and aesthetic solutions for your kitchen.

FLOORING

Our products are certified and sourced from the future friendly forests globally.

FURNITURE & FIXTURES

Full house exclusive arrangements & distribution rights on several products that enhance all homes.

KITCHENS

Welcome to Hub's exclusive kitchen partner, Delta. Delta's most recent collection has incorporated a variety of fresh new furnishings. The quest to turn spaces into warm and functional homes is what keeps us motivated. Innovative ideas in surfaces, materials, textures and finishes serve as inspiration to turn your place and in particular your kitchen into an oasis of well being and comfort. Our utmost priority is to provide the very best value for money to our customers.

We work with the Delta design team to combine art with innovation without losing sight of functionality, thus creating beautiful models that allow full customization.

Alongside Delta, the Hub team seeks out the latest trends and technologies to provide greater durability to all its furniture. On assembly, we treat all surfaces with a nano-technological product thereby increasing the resistance to high temperatures and steam by 40 %, which in turn increases the lifespan of your kitchen furniture, especially so in the hot and humid Middle Eastern climate.

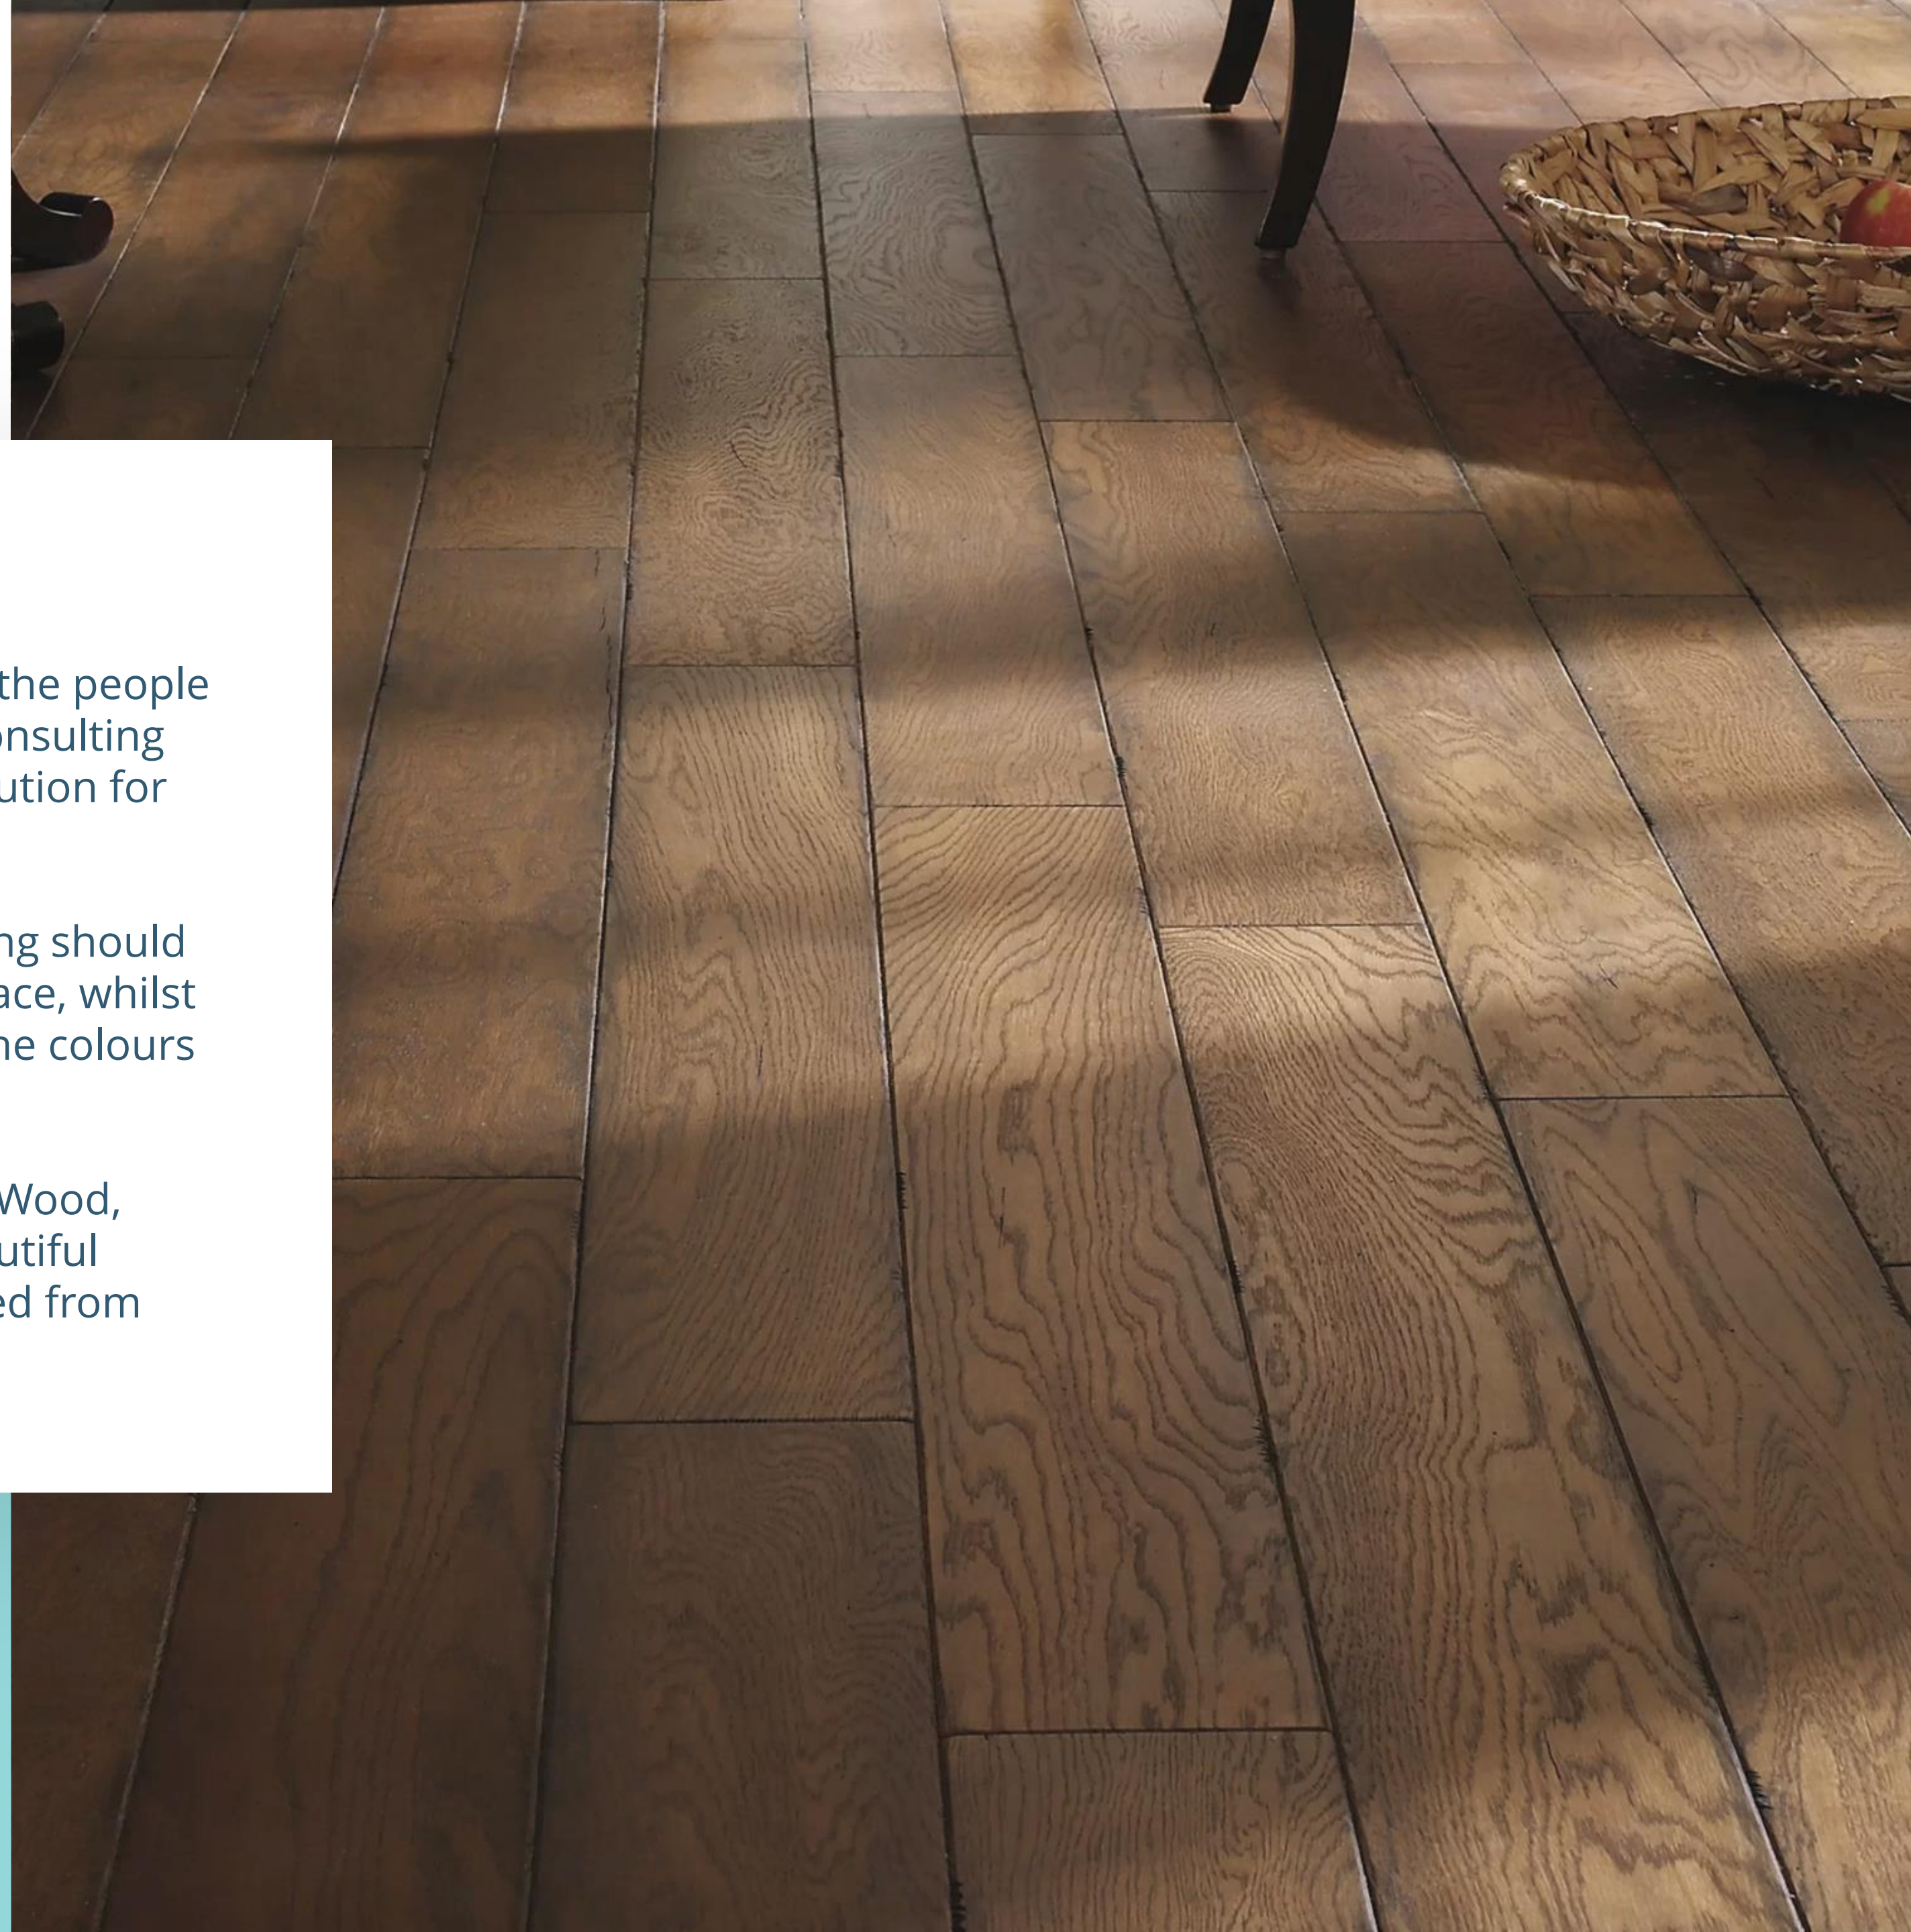

FLOORING

Every home is different, customised to reflect the people who live there. That's why we take the time, consulting with you to help you find the right flooring solution for you.

When you walk through your home, the flooring should reflect the personalities and energy of that space, whilst always being mindful of its connectivity with the colours and furniture it will live with.

Our collection includes Laminate, Engineered Wood, Vinyl and Parquet flooring with a range of beautiful finishes. Our products are certified and sourced from the future friendly forests globally.

FURNITURE & FIXTURES

Hub has exclusive arrangements and distribution rights on a number of products that enhance your home. We offer a full range of items to complement your new or upgraded space. These include, movable furniture, fixtures, or other equipment such as single piece furniture, art and lighting.

All our products are exclusive, affordable and ensure your home is exactly what you dreamed of.

RESIDENTIAL

We bring homes to life, whether its an upgrade, refurbishment or a brand-new space.

COMMERCIAL

The Workspace is an important function in our every day lives. Make them brilliant!

LEISURE

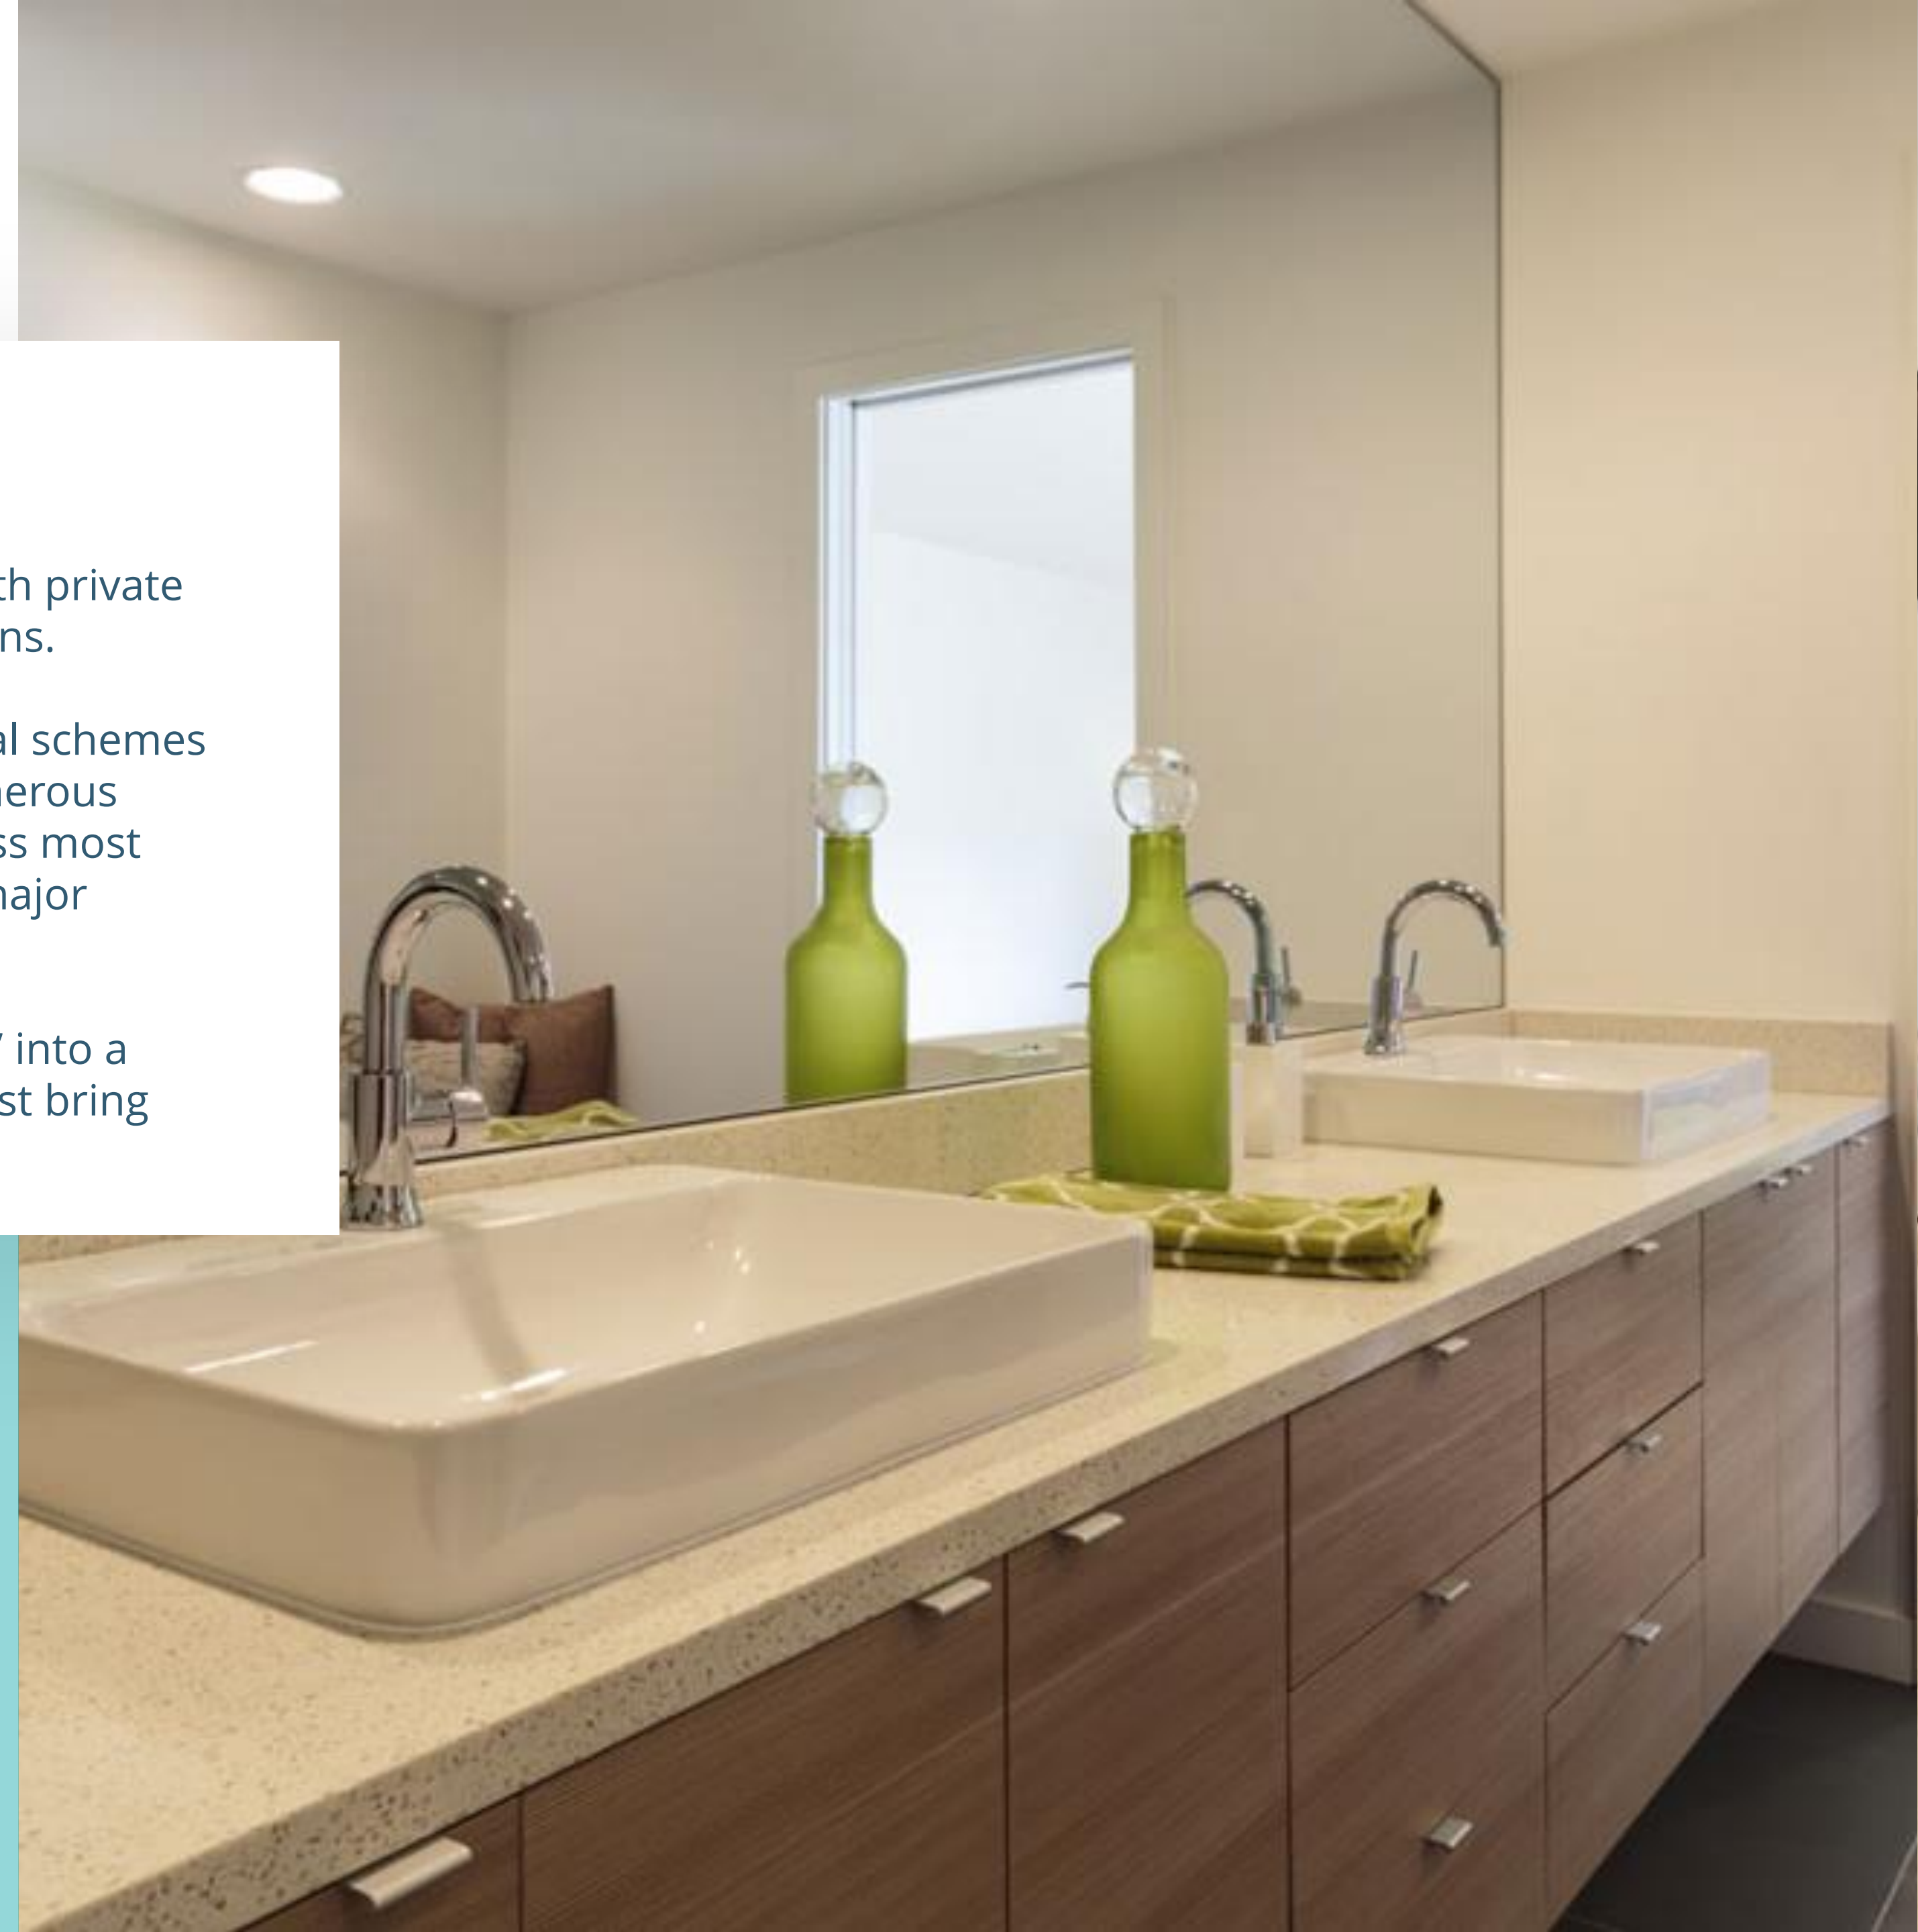

We've added a few exciting F&B spaces into our list of successfully completed projects recently.

RESIDENTIAL

We have a great understanding of working with private clients and delivering beyond their expectations.

Our experience has taken us across residential schemes of all shapes and sizes and encountering numerous challenges and scopes. We have worked across most communities in Dubai and dealt with all the major Developers.

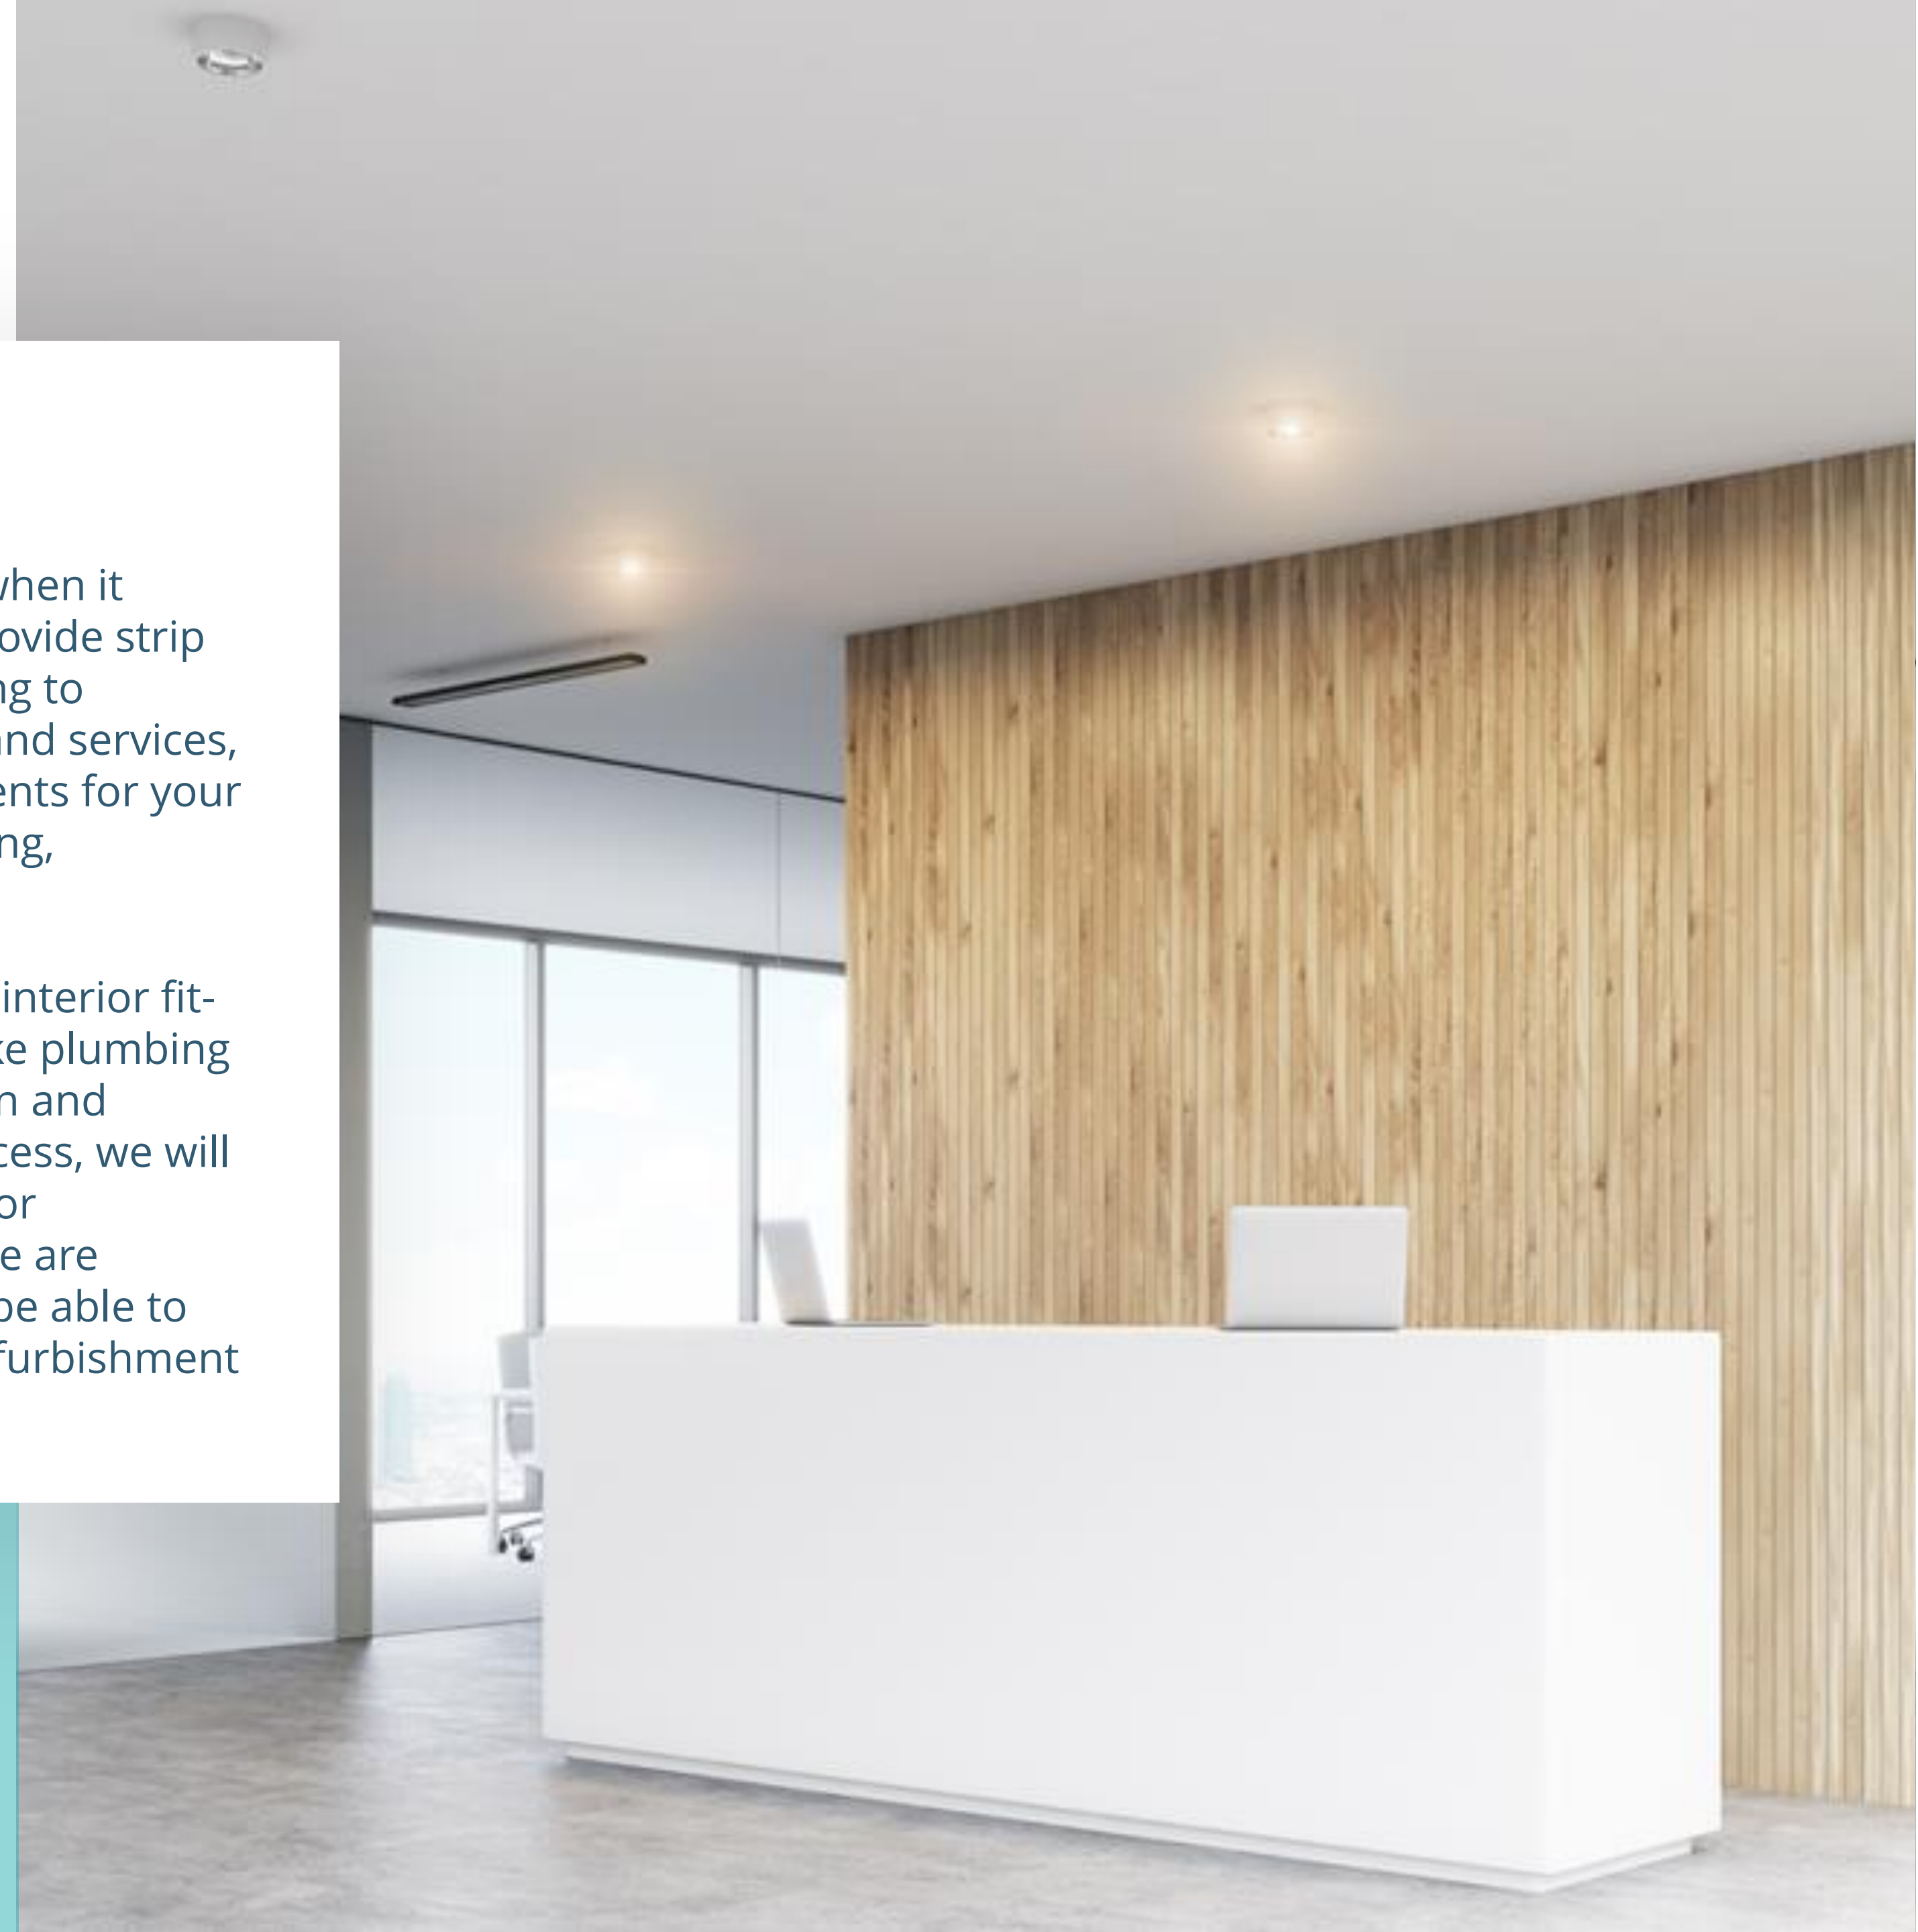

Our goal is to help you transform your 'house' into a 'home' by adding a few magic touches that best bring out your taste and personality.

COMMERCIAL

At Space we have a great deal of experience when it comes to office and interior fit-out. We can provide strip out services, where we gut the existing building to prepare for the installation of new materials and services, where we install all of the necessary components for your new office, such as partition walls, floors, ceiling, furniture, etc.

Space can provide everything from office and interior fit-out, refurbishment, to mechanical services, like plumbing and electrics, to architect plans, interior design and decoration. Throughout every step of the process, we will work with you to deliver a commercial fit-out or refurbishment solution that is best for you. We are experienced at design and planning, and will be able to assist you in the planning of your fit-out or refurbishment project.

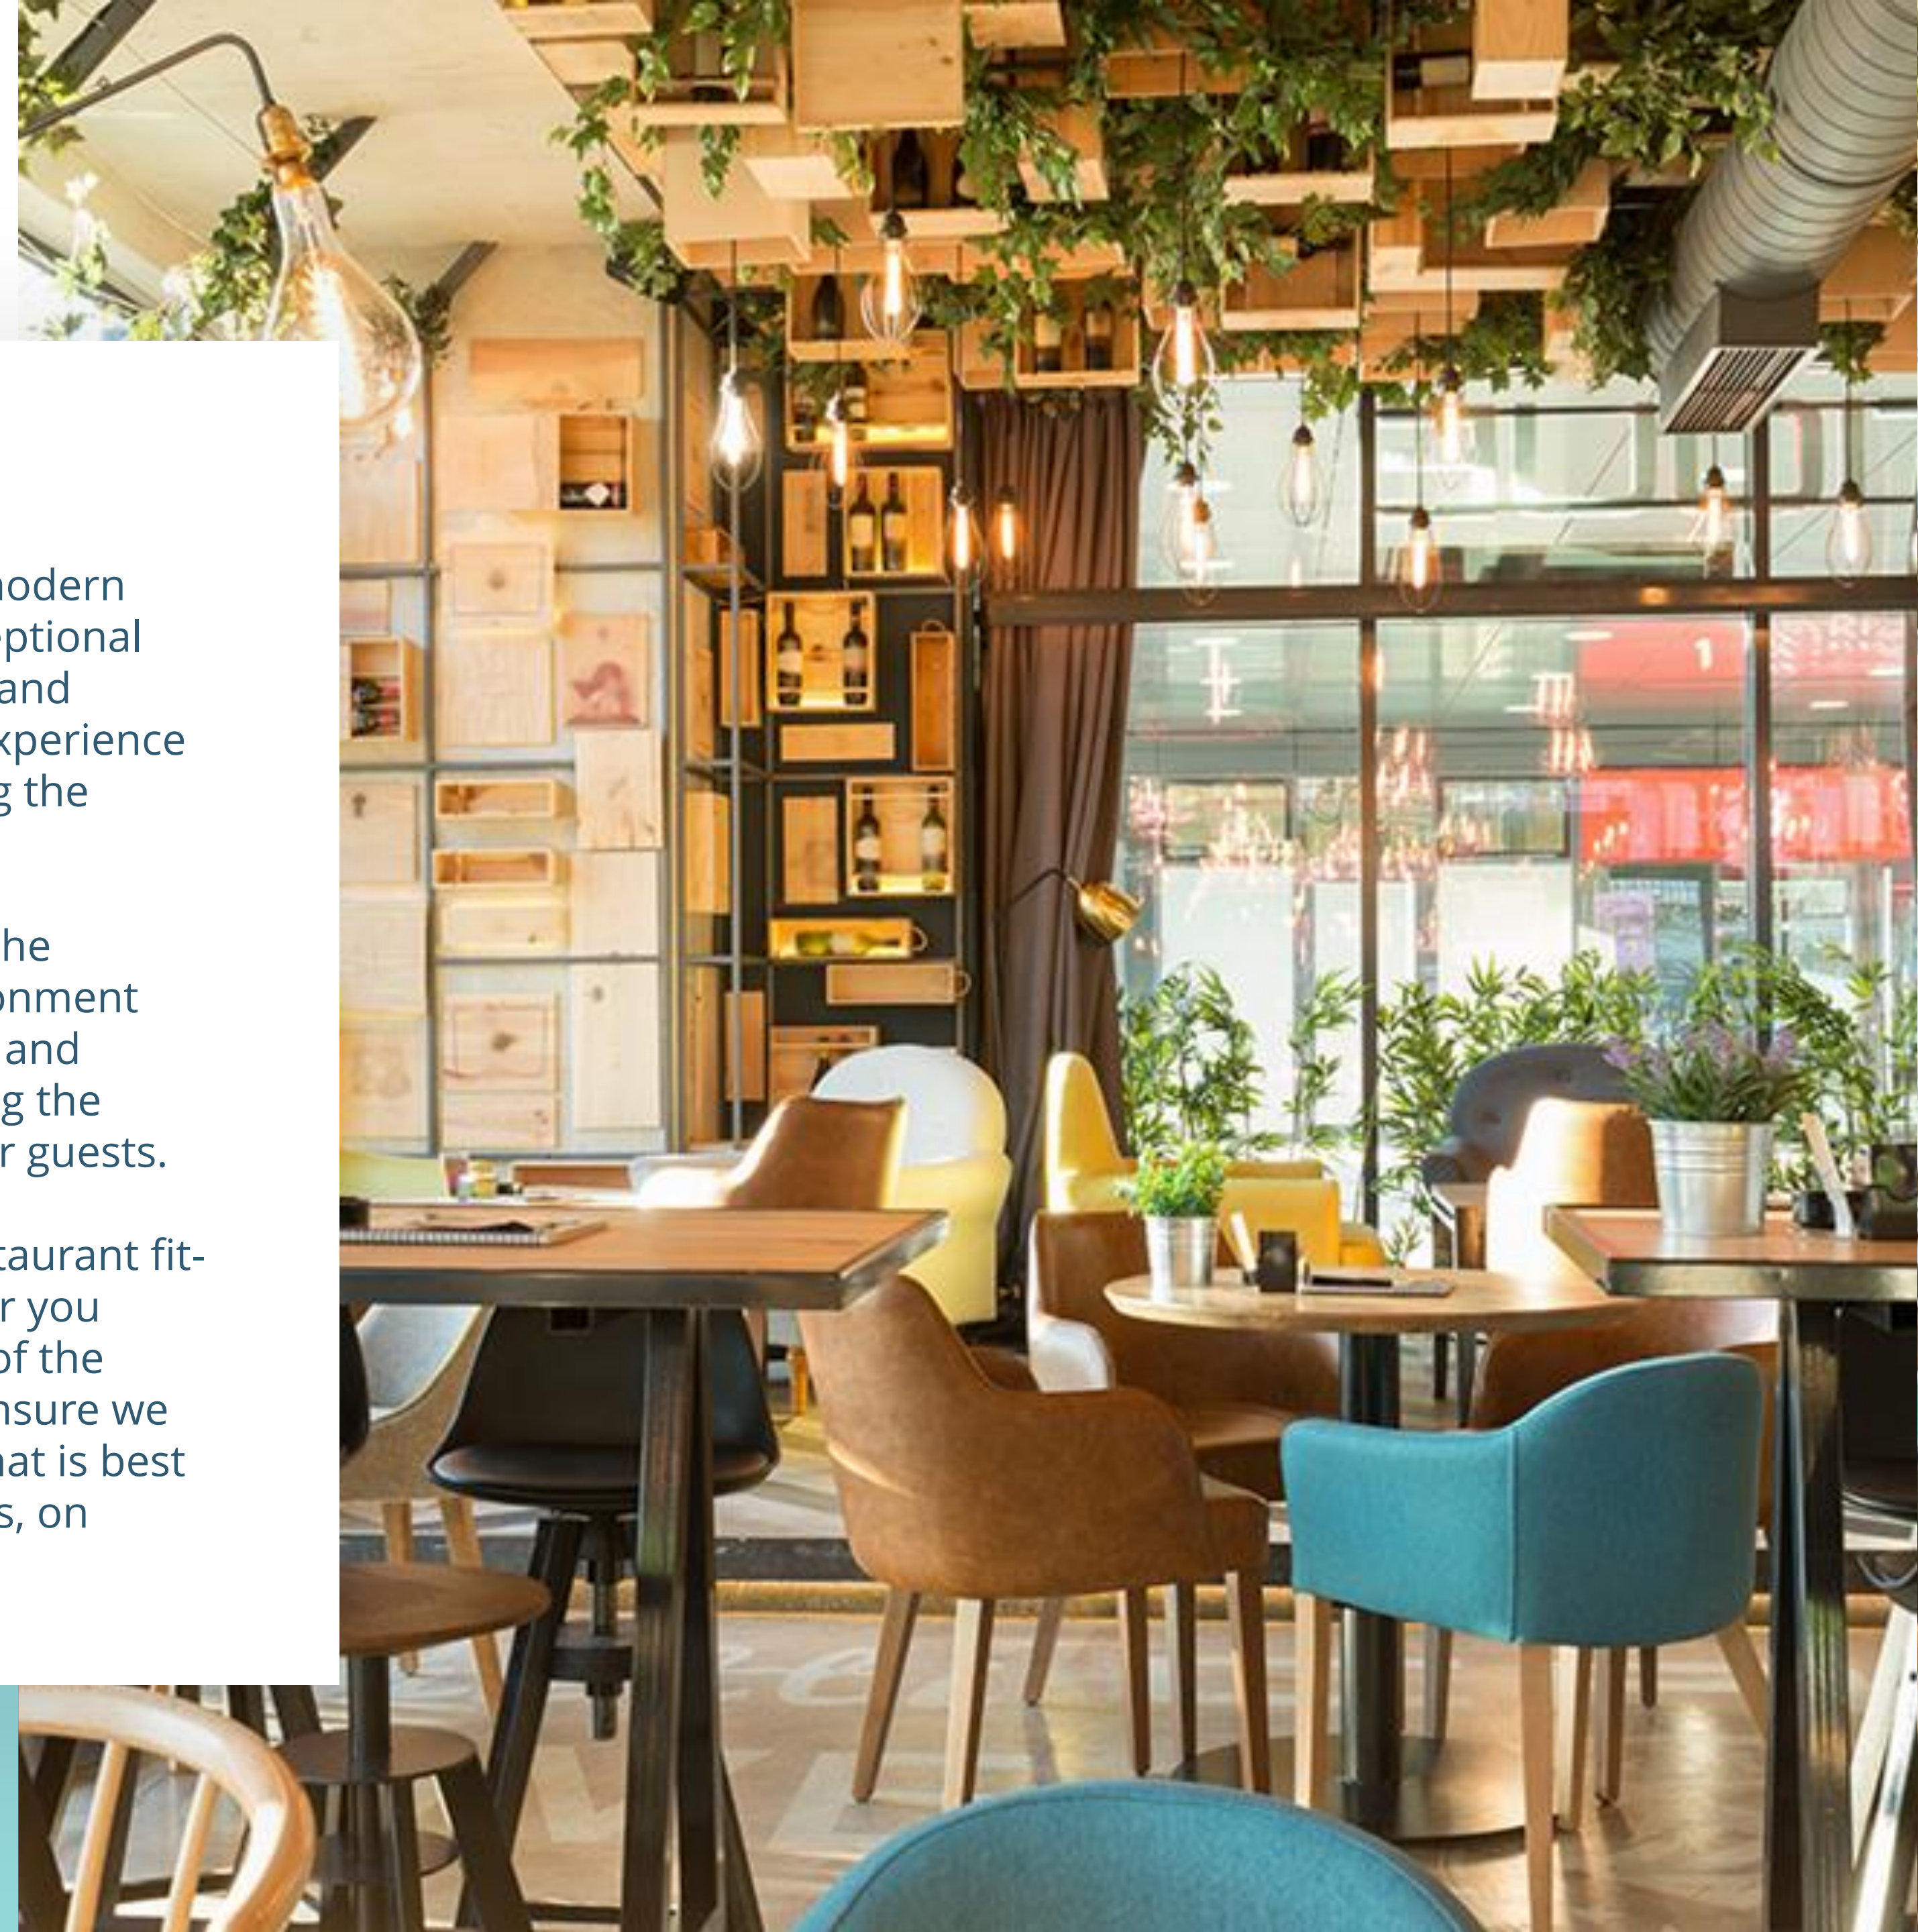

LEISURE

At Space, we create design concepts for the modern hotel, leisure, bar & restaurant that need exceptional workmanship, and a complete interior fit out and refurbishment services, using our wealth of experience and a large cast of talented craftsmen to bring the concept to life.

Our project management team understands the implications of working in a live trading environment and will ensure we deliver the high standards and quality of service you expect, whilst minimising the impact or potential disruption to you and your guests.

Whatever your retail, hotel, leisure, bar or restaurant fit-out and refurbishment requires, and whatever you choose to do through us, through every step of the process, Space will work closely with you to ensure we deliver a fit-out and refurbishment solution that is best for you with minimal disruption to your clients, on budget, and on time.

WHAT OUR CLIENTS SAY

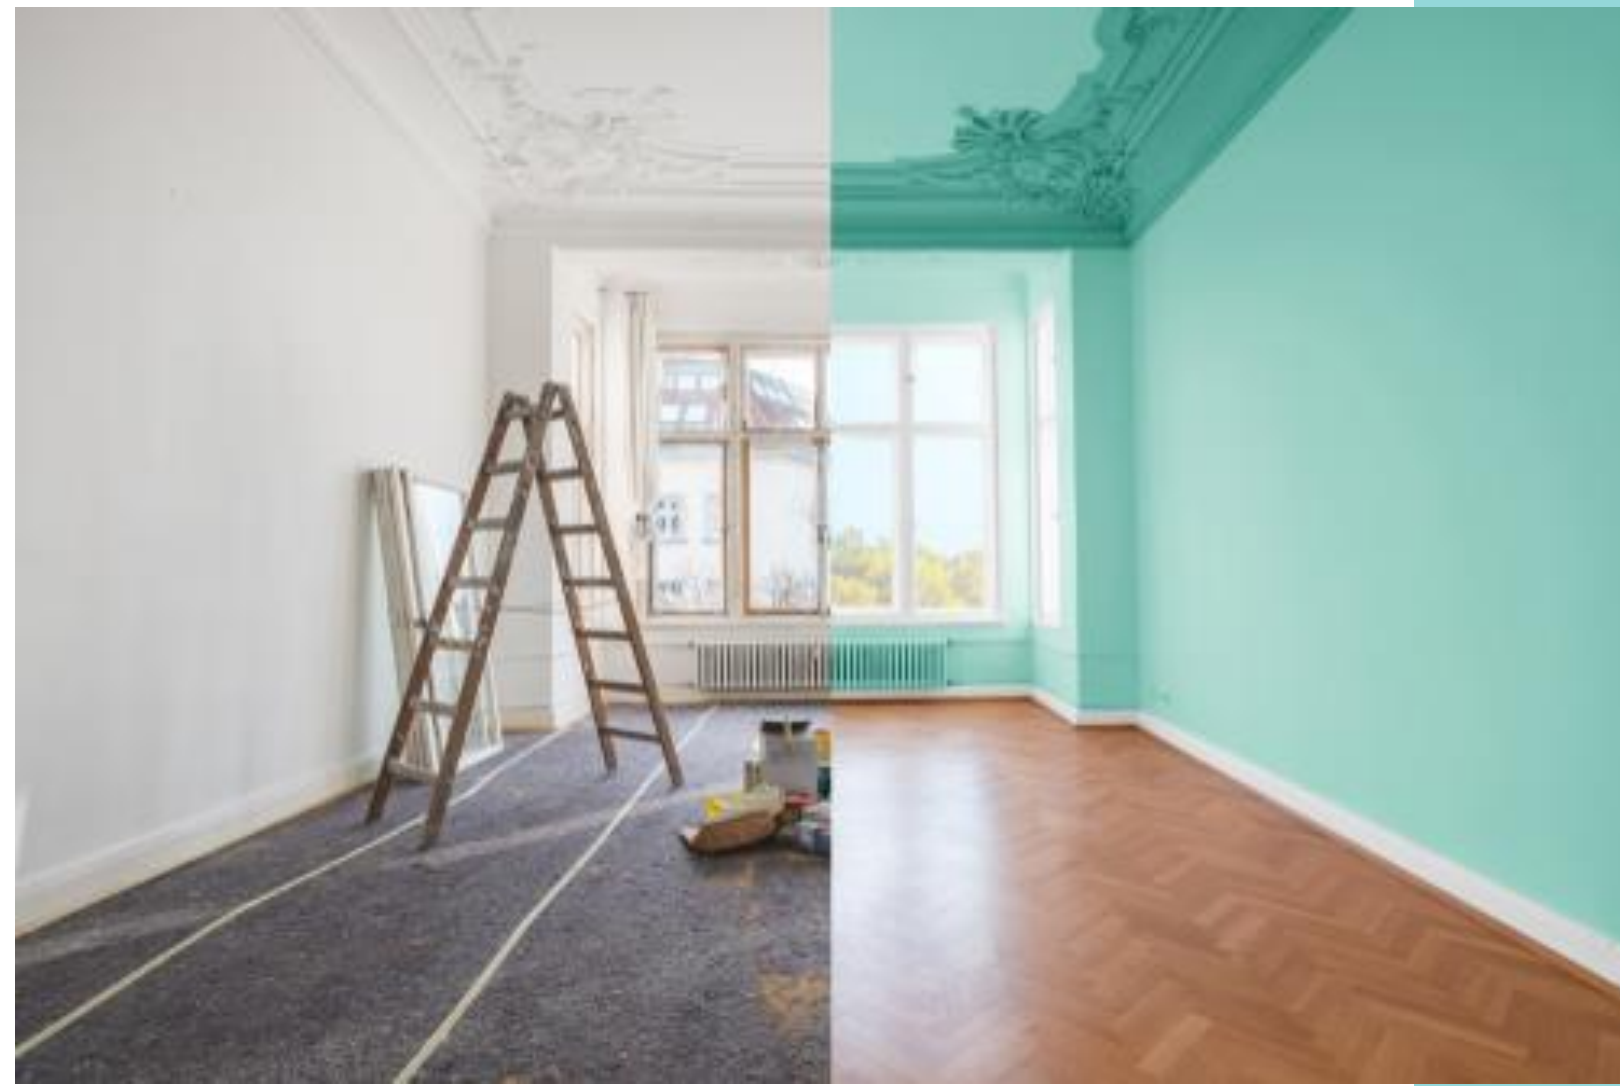

We appreciate Hubspace's work because not only was the work done by the team accurate, it was also completed before the given timeslot. We will certainly consider Hubspace for future requirements and have no hesitation in recommending Hubspace to other companies.
