

NOVARA  
Interiors

Make your reality  
better than dreams

## About Us

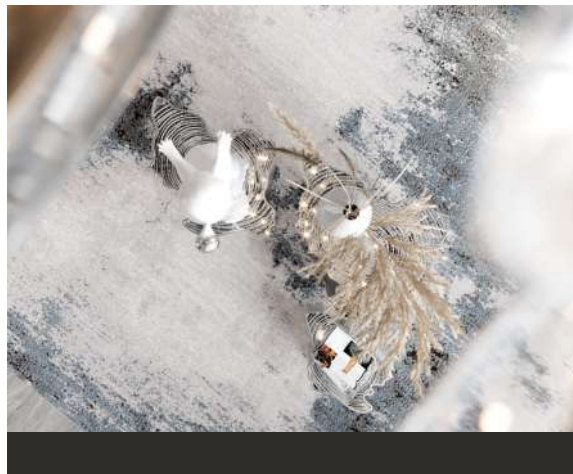

At the beginning, it was an Idea.

The idea to build something that lasts, to enhance the quality of interior design environment and people's lives. This idea has become a reality thanks to Novara Interiors, a practice made of people sharing the passion for design and attention to the detail. In these important objectives have been reached, solid foundations have been laid to achieve even more ambitious results.

## Our Approach

You need We create.

Novara interiors exemplifies creativity in every sense of the word, our luxurious interior design firm offers services to create your signature look, setting you apart from the competition. Our vast experiences in the field of providing interior design to the public, residential, commercial and hospitality sectors, has helped to refine our process. With highly skilled professionals in our team, we ensure delivery of customized style with an exceptional quality finish.

## Mission

### RESEARCH

Projects defined by a holistic approach allowing for enough flexibility to accommodate changes over the lifespan of a city, in order to meet market demands. The practicalities and concept of a space should be inherently flexible in order to respond to changes. A concept that incorporates a high level of standardised design will facilitate change.

### RESPONSIBILITY

The practice endeavours to employ technologies that sustain rather than pollute, that are durable rather than replaceable and that add value over time rather than falling prey to short term economies. Our main purpose is to integrate low energy design within the urban environment, to design buildings to optimise passive solar energy, natural ventilation and daylight.

### COMPETENCE

Novara Interiors, working on a range of different projects for more than five years. In the practice exchange philosophy employed at every level, to enable design and management leaders to collaborate and contribute their expertise.

## Our Services

### INTERIOR DESIGN

Interior design is what we do, interior designers are who we are. We take pride in always delivering the services on time with the utmost creativity and attention to the finest details. By using the latest technologies such as virtual reality and 3D views, we can walk our clients through the design process in real time. In the process of interior design, Novara Interiors team creating a combination of technical, architectural, engineering, functional and aesthetic solutions from A to Z for our clients. Every piece is measured, planned, and carefully chosen to work together beautifully. We design spaces as unique and individual as the people who live in them. We love to see a home that truly reflects our client's style.

### TURNKEY & FITOUT SOLUTIONS

Close partnership with well-known furniture brands and factories gives us the advantage of offering our clients a wide array of different furniture pieces and accessories with the most favourable price and quality standard. At Novara interiors, we strive to meet the needs of our customers, as well as offering them the time to relax while we take care of the rest.

### INTEGRATED DESIGN

Novara Interiors meets the clients business objectives and needs through integrated solutions and the highest world-class services.

Novara Interiors makes sure the development of the project will fulfil the requirements, by providing productive and enchanting space, which will be comfortable and profitable.

**"I will never give myself the luxury of thinking I have made it". Zaha Hadid**

## DECORATIVE CONSULTATION

A decorative consultation is a great way to develop a colour palette, create a unique style, reposition furniture or source new accessories that suit our client. During the consultation with a highly experienced designer from Novara Interiors, our client will receive the necessary information and accurate ideas on how to realize the project, define the style and desired atmosphere. This is the starting point, essential help and time saving for those who want to do their own work.

- |                                 |                            |                           |
|---------------------------------|----------------------------|---------------------------|
| Site management Interior Design | Lighting consulting        | Sustainable design        |
| Renovation works                | Space planning             | Acoustic consulting       |
| Electrical design               | Architectural design       | Cost and value estimating |
| Project scheduling management   | Technical site supervision | Site closure              |

## Architectural Visualization / Virtual Reality experience.

For many people its difficult to imagine a future project just on a traditional picture and its quite another experience to see the design in Virtual Reality. It gives our clients the opportunity to check every angle, dimensions and finishing's of their future design. Evaluate functionality and atmosphere. Switch off the light, open a door or change the color of the walls. And all this in real – time, in a realistic environment.
