PREMIUM INTERIORS

With over 14 years experience in commercial , residential and industrial projects Sadaf Technical works is a leading contractor in the UAE, offering turnkey solutions to our multi-industrial customers.

About us

Our design and build process starts by sitting down with you to get an understanding of your business and practice needs. Our extended consultation phase means we quote with certainty.

After concept development, we consolidate your ideas and business requirements into a design plan for your fit out project. From there we manage all aspects of the construction process through to final handover, to deliver on your vision seamlessly.

Communication is key : we pride ourselves on our transparent approach to the build process and aim to bring clarity and ease to every step of the journey, keeping you informed of project updates daily and providing a genuine aftercare service.

Quality. Time efficiency. Seamless Delivery.

OUR MISSION

We promise ourself to deliver excellent service and always put our clients First .

OUR VISION

To be recognized as the no.1 engineering services all over middle east.

We are ambitious peoples

Mr. Vikram Bhat

METAL WORKS

CUSTOM METAL & STEEL FABRICATION SERVICES

With over 14 years of experience, Associated Metalworks is an established name as a manufacturer and supplier of fabricated and coated products in UAE. Our team works with precision while delivering accurate solutions through **steel and sheet metal fabrication**. We take pride in successfully transforming steel into many creative products over the years and are always keen on manufacturing your creative ideas into remarkable fabricated designs.

Our expert team can help you turn your creative metal manufacturing ideas into reality. We will take the time to understand your idea first, with a focus on getting the details right to ensure that the design outcome through our fabrication work turns out to be exactly the way you expected. We understand the pressures of working within a budget and strive to accommodate your budget requirements in achieving your product goals.

GLASS

We are a specialist glass company who supply and install glass to the construction industry as well as the private sector throughout all UAE .

With over 14 years experience in the

glass and glazing industry, providing an excellent comprehensive and professional service, we have developed our skills and built an enviable reputation as leading glass specialists. Enjoying the loyalty of our

clients and the support of our suppliers, we work with shop fitters, main contractors, designers and architects on a wide range of specialist glazing projects nationwide.

UPHOLSTERY

Sadaf Technical is trusted by a number of shopfitting businesses, restaurants, taverns and shops for their furniture manufacturing, covering, upholstery, soft furnishing and shopfitting needs.

Furniture upholstery service is the work of endowing furniture pieces (seats and sofas) with padding, springs, webbing and fabric or leather covers. Fabric furnishings or upholstery is not an easy job as assistance

from professional upholsterers is required to complete the task.

Whether it's your bedroom, living room, or office, it is important to look good or even beautiful.
