FIT OUT | JOINERY

In Pursuit of Excellence Since 2006

About Us

Established in 2006, **TIMBERTECH LLC**, a **TANSEEQ INVESTMENT GROUP COMPANY**, has grown steadily developing its teams and core competencies in specialized areas of interior & exterior living spaces.

TIMBERTECH specializes in providing customized engineering, design, supply and installation solutions for Joinery, Exterior and Interior fit-out applications. We utilize the highest quality of natural timber and composite material, sourced through a well-established network of global suppliers, to produce exquisite installations including joinery works, board walks, pergolas, cabanas, mashrabya screens, bridges, cladding, various interior elements and custom furniture. Our expertise also extends to the design, supply and installation of artificial thatched roofing and composite timber (WPC) decking systems.

Our purpose-built factory is equipped with the latest technology machines and highly skilled manpower geared to produce top quality end products enabling us to cater to the varying market requirements. The entire manufacturing process is carried out under one roof to ensure a consistent and superior quality.

TECKWOOD
Your Composite Solutions Provider

To Whom It May Concern,

Teckwood are writing this letter on the basis of our Distribution partnership with Timbertech LLC. I can confirm that Teckwood have tested and used the products in variable conditions and would have it no other way.

We have agreed this partnership with a Timbertech to distribute our UK designed product in the GCC states because we are confident in their knowledge and ability to do so.

Teckwood generally manufacture for clients who sell our product and get specifications for projects.

Yours Faithfully

weatherhex
timber made perfect, naturally

January, 2017

Authorization Letter (International)

Weatherhex is Natural Australian hardwood timber Weatherboards and Architectural Panels. Weatherhex weatherboards and Architectural Panels offer an endless variety of internal and external timber cladding solutions. Weatherhex puts sustainability and durability at the forefront of all our products. This ensures Weatherhex delivers natural, long-lasting, eco-friendly timber products to customers in Australia and around the world. Sustainably manufacturing a highly durable product is an important part of Weatherhex's environmental impact. Made from sustainably harvested Australian hardwood, Weatherhex is an all-natural product with 97% hardwood and 3% natural wax with no chemical additives.

This is to certify that M/S Timbertech LLC, Dubai (P.O. Box 2665), UAE is an Authorized Re-Seller for Weatherhex Pre-Primed & Natural range of products. Their technical team has been well trained by our representatives through stringent guidelines & international installation procedures.

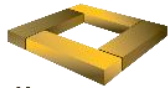

Weatherhex Pty Ltd A.B.N 67 084 713 986 ("Weatherhex") warrants that the Products supplied are of first quality, free from defect in material, design and workmanship, and in conformity with the technical specifications detailed in the published Weatherhex Installation Guide that is current at the date of purchase.

Recommendations made by Weatherhex are based on good building practice and are not a complete statement of all relevant data. As the installation of the Products is influenced by and relies on factors outside the control of Weatherhex, Weatherhex assumes no responsibility for works/systems used in connection with the installation of the Products and their suitability to satisfy relevant Building Codes and Regulations, Standards, and Council/Authority /Regulator requirements. Unless specifically stated otherwise, this warranty applies to Weatherhex products purchased and installed according to the Weatherhex Installation Guide in Australia, Asia, Pacific Region and New Zealand.
