You Imagine, We Create

COD Carpets Trading L.L.C

# Carpet On Demand

Carpet On Demand is the first, hand tufted carpet factory specializing in custom made carpets and rugs in Lebanon. With a production capacity of more than 500 square meters per month, we pride ourselves in using the finest raw materials: 100% New Zealand Wool and 100% Bamboo Viscose.

Hand tufted carpet is the newest technology of customizing carpets as per client requirement and color selection of any size needed, seamlessly without any joints of fabric. The carpet is completely hand made and unique, from the artwork through the detailed finishing.

Our vision is to provide our clients with the best products, best results and finish. To do so, we employ specialized carpet designers to create the artwork and use their expertise to bring the design to life. Our design and carpet production team have over 10 years of experience in hand tufted carpet design and production.

 cod

# Easy Steps to Customize Your Perfect Carpet:

## Design

Choose a design reference with our design team

## Size

Select the carpet size: width and length

## Material

Select the raw material: 100% New Zealand wool, 100% Bamboo Viscose or a mix of the two materials

## Color

Select the color from our color palette

## Pile Height

Select the pile height of the yarn from 7mm to 70mm

# Artwork and Samples

After identifying the carpet design, our design team will draw initial designs of the carpet as per the given size and color selection, and submit the artwork to the client for approval.

Upon client approval, we will start the production of a 30x30cm sample.

# Carpet Production

Once the client approves both artwork and samples, production will begin.

We provide several production timeframes:

1. Urgent delivery: 6-8 weeks
2. Normal delivery: 8-10 weeks
3. Economic delivery: 10-12 weeks

# Quality Control

In order to offer you the best products and finishes, we never compromise on quality. We only use 100% New Zealand wool and 100% Bamboo Viscose, and can provide certificates of origin as requested.

Our carpet production takes place in our factory, under the supervision of a well-experienced design and production team. The team follows a strict 3-round inspection policy for each step of the production process: from drawing, tufting through finishing to ensure the highest satisfaction of quality and design in our carpets.
