

BRAVACASA
INTERIOR DESIGN L.L.C

“Imagination is the beginning
of creation”

Bravacasa exemplifies creativity in every sense of the word, and our prestigious interior design firm offers services to create your signature look, setting you apart from the competition. Our vast experiences in the field of interior design, architectural design, in homes and offices décor has helped us refine our process. With highly skilled professionals on our team, we ensure delivery of customized style with an exceptional quality finish.

In every aspect of our work, we aim to exceed expectations every step of the way.

Our wide range of experience in a variety of sectors has allowed us to combine aesthetics and professionalism to create your dream design.

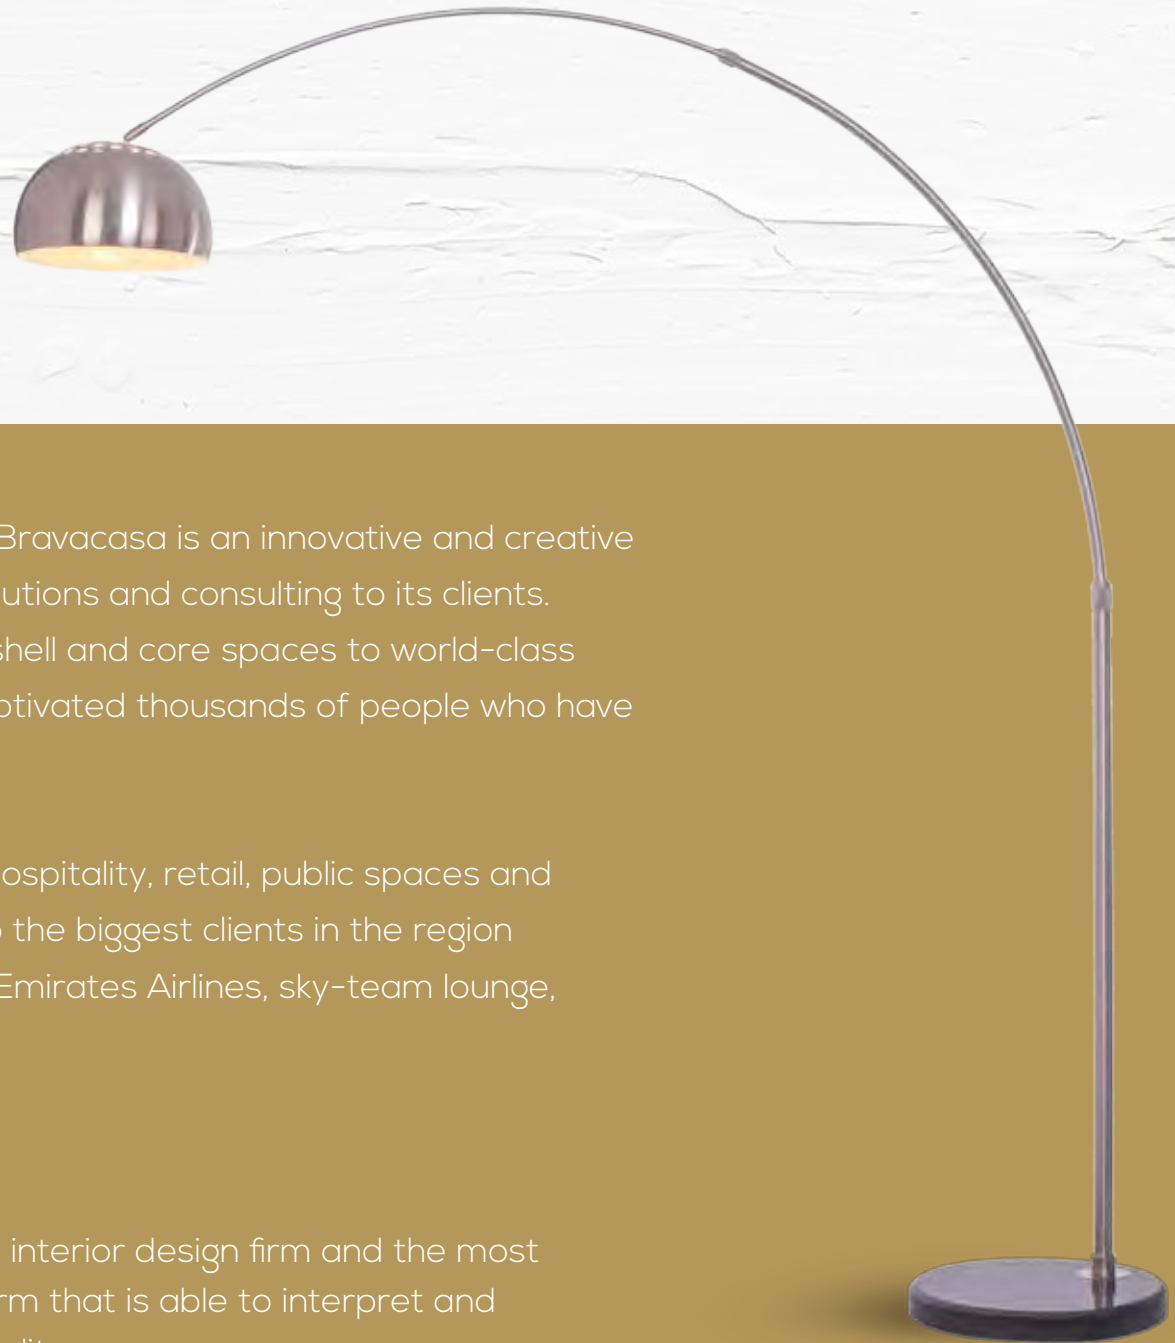

About Us

Based in the United Arab Emirates, Bravacasa is an innovative and creative design firm that provides turnkey solutions and consulting to its clients. We have transformed hundreds of shell and core spaces to world-class places that have hypnotized and captivated thousands of people who have visited our clients.

Specializing in high-end residential, hospitality, retail, public spaces and corporate designs, we've catered to the biggest clients in the region including Sofitel Hotels, Dnata, IWC, Emirates Airlines, sky-team lounge, Novomed, Lee jeans and others.

Vision

To be recognized as a quality-driven interior design firm and the most innovative and customer-oriented firm that is able to interpret and transform the client's vision into a reality.

Mission

We aim to create timeless designs and provide a full range of turnkey solutions that are innovative and distinctive. We bring our dynamic design team together to develop exceptional services and solutions for our clients. Our focus on building strong client relationships through passion and years of combined experience, attention to detail and product knowledge are the foundations on which we build the success of our firm.

Director's Message

Since its inception in 2010, Bravacasa has been one of the most sought after interior design companies in The United Arab Emirates.

Our success is attributed to our people. We continually look for and recruit the most talented and stylistically gifted designers from around the world with exquisite taste, meticulous attention to detail and a great eye.

Our process is client-oriented and we sit with and collaborate with our clients to understand what they're looking to achieve so we can deliver work that surpasses their expectations every time.

Yours truly,

Mounir Dan

Interior Design & Consultancy

At Bravacasa, we understand that the style and aesthetics are all dependent on individual preferences. With the expertise of our team, we can capture your idea and transform it to a physical layout. As a full-fledged interior design firm, we provide comprehensive services for interiors that are custom-tailored to fit your needs.

Interiors can enhance your property through innovative layout and practicality. Our design team will create design concepts that suit your personal style. We don't only design for single family residences, but also multi-family living complexes. We also specialize in lobbies, corridors, social rooms or other community spaces -- highly desirable amenities that tenants of apartments and condominium complexes are seeking.

Working closely with our clients and their brand teams to create compelling commercial interior design spaces. We understand how important it is for customers to feel comfortable in any commercial space, therefore, our expert team will create stunning and welcoming commercial interior designs that will add value to your investment.

We believe that the success of your business will most likely be based off the people within it and your customer's perception of it. A beautifully designed office space helps your employees relax, which increases working efficiency. Therefore, understanding the organizational structure, individual users and the office workflow are essential when designing and planning for offices and facilities, and to ensure we design a space that is right for your business and staff.

Our designer will work with you closely to find out what you want to achieve, your style preference and your budget. Based on that, we identify how to reflect your brand within an interior setting and we produce mood boards for materials, colors, textures and fittings so that you can touch the design and feel the quality of the finishes.

Fit-out Solutions

With our fit-out solutions, our clients do not need to worry about anything but moving in when the project is completed. Hence, it is important to use an Interior Designer from the beginning of a project to avoid making costly mistakes, saving you time and money. Fulfilling the design is not only our main goal, but achieving the client's full satisfaction by going above and beyond.

MEP

MEP stands for “Mechanical, Electrical and Plumbing”, a type of engineering which focuses on the disciplines needed to build safe, working structures for human use and occupation. At Bravacasa, we offer a wide range of MEP solutions to match the client’s needs.

Exhibitions & Events

We conceptualize, plan and design customized exhibition stands. Small or big stands, we keep the needs of our clients foremost in our minds to help them utilize the space efficiently and build their brand in the best way.

Event planning can be very stressful and one of the main parts to the success of an event is the aesthetics. That is where we come in to help fulfill your wants and needs, thus ensuring your guests at the event leave happy and amazed.

Furniture Customization

We offer bespoke services to meet the desires of each client, including designing and creating custom furniture. This includes furniture, fabric, lighting, antiques or any style of interior decoration to match perfectly with the overall design vision of your interior space.

A big part of an interior designer's job is to know where to source the good quality furniture at the best price. At Bravacasa, our designers have trade accounts with a variety of interior design suppliers allowing them to purchase items below the retail price. Also, having the designers oversee the buying process will ensure you get the design you want.

AAVVA FASHION

LOCATION: DUBAI DESIGN DISTRICT D3

We conceptualized and designed the interiors of Aavva, a leading fashion atelier of Dubai, by using elements of minimalism and futurism. We've ensured that the feel and look of the design is elegant and fashionable, having to show the customer that the interior design idea is taken from the lady dressing. The aim was to turn beauty into ease and comfort, creating a timeless, elegant and sophisticated style based interior on the principles of quality, comfort, functionality and excellent design. We've done the right choice of the material and element by using a contemporary classical style, and mixing in high contrast finishes and accent lighting, to ensure that the displays have a real impact, and that this clothing store clings to the style and class that it needs.

BALDI

LOCATION: MARINA MALL, DUBAI

We proudly boast of helping the leading international footwear brand achieve its interior targets that match its philosophy of class and grandeur. The idea was to create a comfortable thematic environment in which the customer can find exactly the product that interests him. We envisaged a unique aura with a promise to the potential customers that their feet are in for a real treat. We incorporated the interior elements in a way to create a wicked design concept that will be a delight to any customer who walks through the door. If you're looking for a glamorous shoe store then this is your destination with alluring and mystique interiors designed by us in just 45 days.

WELCOME TO RASOU EL-KHAYMA BRANCH	

BANQUE MISR

LOCATION: DEIRA, AL GARHOUD, DUBAI

Aiming to set a global benchmark, we designed one of the branches of Banque Misr, making it extremely distinctive from the rest of the branches. With a motive of creating a fresh interior concept for Banque Misr, we came up with a concept design that strongly hits the brand message, making the progress and development of the bank more visible.

The design has two basic colors: brown for the wood which outlines the logo on the wall and white on the ceiling, walls and floors. The mirror-effect design on the floors and ceiling complements the eye-popping fuchsia color of the furniture. Our new design solutions, such as a subtle ceiling, captivating walls and woody texture, created a contemporary and familiar setting. We built a more inviting atmosphere by highlighting functionality, aesthetics and simplicity within the designs. We designed an interior that goes hand in hand with a specific way in which the bank serves its customers.

EGOIST

LOCATION: SHEIKHA SALAMA BLDG,
KHALIDIYAH ST, ABU DHABI

After exploring the world of beautiful interior designs, we expanded our knowledge palette with an inspiring beauty salon design of Egoist Beauty Center that feature world-class interiors.

The décor is kept simple and functional with the occasional glamorous touches. It has the right blend of style and usability. We chose pleasant colours that complement the entire interiors and utilizing the entire space to its fullest and placing adequate lightning so that the entire salon seems fresh and sparkling at all time. When people walk into this salon, they should be convinced that they will leave looking stunning. The salon exposes its entire interior, drawing people inside, offering guests a unique experience every time they interact with these elements

EMIRATES REAL ESTATE COOPERATION (EREC)

LOCATION: AL FALAH ST., ABU DHABI

When it comes to designing a corporate space, especially one of the distinguished and prestigious national organizations operating in the U.A.E. real estate sector, it's really all about the proverbial bottom line. Bravacasa was appointed to manage the design for the project and execute the fit-out, ensuring that the EREC sustainability guidelines were met throughout the process. It was an opportunity for us to reshape the image of the existing complex into one more attuned to the company's sustainable and "off-centered" culture. The entrance is designed to welcome the visitors with a WOW effect. We developed spacious and bright closed offices, turning them into a humming hive of engagement and productivity, offering privacy and comfortability to all.

IWC SCHAFFHAUSEN

LOCATION: SOWWAH SQUARE, ABU DHABI

The International Watch Co. Schaffhausen, Switzerland has been established since 1868. The concept for this interior design presents a unique challenge, to create the homey designer store that is rich and elegant and also appeals to a crowd of consumers. The walls which are made of wooden materials together with the lighting became an important element to illuminate the product displays and make the artwork jump off the walls while at the same time having a good space to accommodate customers.

iwc.com

LESOIE COSMÉTIQUES DE BELGIQUE

LOCATION: DUBAI FESTIVAL CITY

LeSoie is a luxurious handmade natural Belgian cosmetics brand. The shop was designed to have a feel of luxury. Royal blue, white and gold were used as main concept colors. Round isle display shelves and backlit wall shelvings were added to have more product focus and emphasis. The art logo on the white marble flooring creates an added feeling of luxury to the retail shop.

lesoie.com

LEADRIGHT

LOCATION: UMM AL NAR, ABU DHABI

We've tried to give the brand a fresh, contemporary approach that resulted in clean uninterrupted lines in all areas with clearly defined spaces, created through the use of different material textures, ambient lighting and appropriate contemporary furniture. Converting an industrial warehouse into a very elegant car service showroom was a challenge that we accepted and successfully executed.

Crucial to its success, we created a timeless, long-lasting and easily recognizable architecture concept for Leadright with a lot of caring about the material and car caring partitioning around. The close relationship we built up with Lead Right meant we were able to go that extra mile to precisely meet the design brief.

SKYTEAM LOUNGE

LOCATION: DUBAI INTERNATIONAL

AIRPORT CONCOURSE D

The complete design of the lounge has been upgraded by our team and we consider this project as one of our top-notch interior masterpiece. Featuring SkyTeam's "New Concept" in lounge design, we've tried to maintain sleek and modern curves within the spaces while using accents of wood to add warmth. In order to give people an essence of nature around them, we created a living wall of plants that brings nature into the airport experience. The lounge also features a Digital Art Gallery, featuring works by different artists. A separate TV room maintains a tranquil ambience and a dedicated children's room keeps mini-globetrotters occupied.

novom

NOVOMED

INTEGRATIVE MEDICINE

LOCATION: SUNSET MALL, DUBAI

Novomed Integrative Medicine trusted Bravacasa to refurbish the clinic in order to design a modern, ergonomic and functional workspace that reflected their brand essence. The brief was to conceive an economical, attractive and welcoming design solution of international standard for this contemporary facility. We created a design that addressed the functionality of the reception areas with fine wood paneling and a spacious counter made in MDF with PU paint finish and Corian on top. We made use of warm color tones, natural elements, and soft lighting to ensure a welcoming environment to patients and visitors. The idea was to promote wellness and well-being, rather than the notion of the purely clinical aspect of healthcare.

Same Day Surgery

NOVOMED

SPECIALIST CLINIC

LOCATION: MARINA
PLAZA TOWER, DUBAI

The all-in-one Medical Center serves a comprehensive range of medical and surgical services. Bravacasa was given the responsibility to create a hospitality feel - not a clinical one - and we achieved this by considering patients' comfort, privacy, and warmth. With that context in mind, Bravacasa Architects brought a sense of respite to a keen understanding of the climate and surroundings for the clinic. We added life to the design through elegant and sophisticated rich materials and neutral colorways. To further the sense of pampering, we designed the waiting area with nursery and several quantities of chairs to accommodate patients and to let them feel calm and relaxed. Bravacasa successfully executed the project within the required timeline and budget.
