DESIGN HAUS **MEDY**

Design Haus Medy is an award winning architecture and interior design practice based in Dubai.

DHM works internationally on commissions including boutique hotels and restaurants, retail spaces and Luxury residential.

At DHM our enthusiasm and creativity is fuelled when we are working on new projects which allows us to design concepts from a blank page and manage the project throughout to its successful completion.

DHM uses a bespoke approach for each client, rich in intellectual rigour and creativity, to create inspiring places with a powerful visual impact.

Our interior design consultancy firm has delivered numerous clients with satisfaction, luxury, elegance and fame that are not only visible to our clients eyes but to public as well through the internet and publications that our projects where featured.

ADMIN

Established in 2006 in Dubai, DHM is a group of energetic professional interior designers and architects headed by a German chief architect and Spanish chief engineer.

DHM's multi-disciplinary practice includes planning, programming, architecture, and interior design specialists.

We have defined a team-based "learning organization" model and believe that a unified collaborative culture attracts, trains and empowers the best staff producing the best work.

Our stable staff size over the past 10 years, working together in one office environment, provides us the strongest basis for consistent design quality and client service.

DHM's good reputation and experience has been built for over 10 years with various types of projects (towers, villas, apartment, shops, restaurants, bars, clubs, spas, exhibition stands and offices) in the Middle East, Europe, KSA and West African markets.

OUR VISION

To innovate, create great architecture and interiors in order to enrich people's lives and make our world more beautiful

OUR MISSION

To help our clients succeed in their mission by working closely with our clients and becoming a strategic partner in our joint quest to be creative and innovative.

TESTIMONIALS

Dr. Anand—CEO Goldline Contracting LLC

A few lines to say how really pleased I am with the finish of the house in Emirates hills. It's the first time I've used an interior designer and I must say that the results show that it's really the only way to go, if you want things done properly. I couldn't have managed it without you and I wish the very best in the future.

Andrey Kobzar—COO Russia Port

We used DHM for our 4,000 square foot 4-bedroomed home and have no hesitation in recommending their services. The DHM team looked after the entire project for us. They dealt with the builder, did the buying of the interior furnishings and coordinated the activities of all the tradesmen. We have already engaged DHM to handle a much larger project starting shortly which will include the complete the redesign of a popular nightclub.

Matin Nouhi—CEO of ORICO Int

Our appreciation goes beyond measure for the work done on the Emaar Blv. Loft office. Your input from the drawing stage of the project proved to create a well-rounded plan. The final design went far beyond our expectations and the Team members have nothing but praise for the comfort level they are working in; it was a perfect marriage of luxury and practicality."

Mina Sadeghi—Owner of SPA International

I would like to express my appreciation for the generous and professional assistance that you extended to my husband and I in helping us with the design and decorating of our home. You not only helped us pick out colors, patterns, fabric, themes, accents and details but even more importantly, you helped us identify our own unique personal style to use as a reliable guide in our continued decorating endeavors. You made the experience, which we thought was going to be frustrating and exhausting, actually "fun" and exciting.
